

# **ELECTRONICS RECYCLING FOR ENGLEWOOD RESIDENTS!**

**Sunday, March 30, 2008 11:00 AM to 4:00 PM**

**At the Department of Public Works,  
175 South Van Brunt Street**

**Keep toxic waste out of our landfills!**

**Load up your vehicle with those obsolete electronics lurking in closets and basements, and drive to the Department of Public Works. Staff of Advanced Recovery Inc. will unload the items, sort them, and load them onto trucks. They'll go to a central sorting facility and on to appropriate recovery and re-use operations. Electronics can contain lead and mercury and other substances hazardous to the environment but they can be reclaimed! Glass, plastic, steel, aluminum, copper wire can be recycled!**

**Bring:**

**Computers: Monitors,  
cables, CPUs, keyboards, mice**

**Laptops**

**Printers, copiers, scanners**

**Cables**

**Fax machines**

**PDAs, pagers**

**Cell phones**

**Televisions (not flat screen or consoles)**

**Radios**

**DVD and CD players**

**Stereos**

**Audio and video tapes**

**Video games**

**Camcorders**

**Telephones**

**Sponsored by the  
City of Englewood Department of Public Works  
with the Englewood Environmental Commission**

**For more information call the DPW at 201-568-3401**
