No person shall park a vehicle or permit a vehicle to remain parked on any of the streets or parts of streets described in Schedule XIII attached to and made a part of this chapter, or in any municipal parking lot, whenever snow has fallen and the accumulation of snow is such that it covers such streets and municipal parking lots to a depth of 2 inches or more. Such parking prohibition shall remain in effect after the snow fall has ceased until the streets have been plowed to the extent that parking will not interfere with the normal flow of traffic, and parking in municipal parking lots will not interfere with snow clearance in such lot.
