

286-6 Prohibited Actions [Which Cause Noise]:

Construction or repairing of buildings. Operating or permitting the operation of any heavy construction equipment used in construction, including the use of bulldozers, tractors, generators, pile drivers, or similar equipment, other than domestic power tools operated by the owner or occupant of residential premises while performing any construction work on such premises owned or occupied by him, or any excavation, blasting, earthmoving or demolition work, at any time on Saturdays, Sundays and legal holidays or other than between the hours of 7:00 a.m. and 6:00 p.m. on Mondays through Fridays except in case of emergency work or by issuance of a special variance pursuant to § 286-8 hereof.
