

**ENGLEWOOD DEPARTMENT OF
HEALTH**

Englewood Boost Day

Tuesday, January 18, 2022

11:00 am to 6:00 pm

From the Centers for Disease Control & Prevention (CDC)

Everyone ages 16 years and older can get a [booster vaccination](#) after they have completed their COVID-19 vaccine primary series. People ages 16 to 17 years old can get the Pfizer-BioNTech COVID-19 booster shot.

People ages 18 years and older have the option to either get the same COVID-19 vaccine product as their primary series, or to get a different

Current vaccines are expected to protect against severe illness, hospitalizations, and deaths due to infection with the **Omicron variant**. However, [breakthrough infections](#) in people who are fully vaccinated are likely to occur. The recent emergence of Omicron further emphasizes the importance of vaccination and boosters.

**Walk-Ins will be accommodated to the extent possible,
keeping social/physical distancing recommendations in mind.**
