The Honorable Mayor and Members  
of the City Council  
City of Englewood  
County of Bergen  
Englewood, New Jersey 07631

We have audited the accompanying financial statements - regulatory basis of the various individual funds and the account group of the City of Englewood, County of Bergen, New Jersey as of and for the years ended December 31, 2011 and 2010, and for the year ended December 31, 2011 as listed as financial statements - regulatory basis in the foregoing table of contents. These financial statements - regulatory basis are the responsibility of the management of the City of Englewood, County of Bergen. Our responsibility is to express an opinion on these financial statements based on our audits. The financial statements for the year ended December 31, 2010 were audited by other auditors whose report dated July 7, 2011 expressed an unqualified opinion on those financial statements presented on the regulatory basis of accounting

We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial statements contained in Government Auditing Standards issued by the Comptroller General of the United States, the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and the provisions of U.S. Office of Management and Budget (OMB) Circular A-133, "Audits of States, Local Governments and Non-Profit Organizations" and State of New Jersey OMB Circular 04-04' "Single Audit Policy for Recipients of Federal Grants, State Grants and State Audit." Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1, the City of Englewood, County of Bergen, prepares its financial statements on a prescribed basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with the modified accrual basis, with certain exceptions, and the budget laws of New Jersey, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles.

## SUPLEE, CLOONEY & COMPANY

In our opinion, because the City of Englewood prepares its financial statements on the basis of accounting discussed in the preceding paragraph, the financial statements referred to above do not present fairly, in conformity with generally accepted accounting principles, the financial position of the various individual funds of the City of Englewood as of December 31, 2011 and 2010 or the results of its operations and changes in fund balance for the years then ended or the revenues or expenditures for the year ended December 31, 2011.

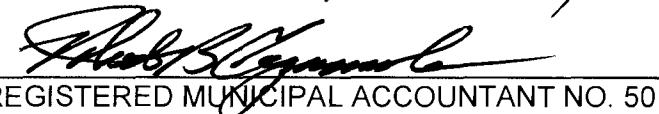

However, in our opinion, the financial statements - regulatory basis present fairly, in all material respects, the financial position - regulatory basis of the various individual funds and account groups of the City of Englewood, County of Bergen, as of December 31, 2011 and 2010, and the results of its operations and changes in fund balance - regulatory basis for the years then ended and the revenues, expenditures and changes in fund balance - regulatory basis for the year ended December 31, 2011, on the basis of accounting described in Note 1.

In accordance with Government Auditing Standards, we have also issued our report dated August 30, 2012 on our consideration of the City of Englewood's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, grants and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

Our audit was made for the purpose of forming an opinion on the financial statements - regulatory basis taken as a whole. The information included in the schedules of expenditures of federal awards and state financial assistance and the other supplementary schedules and data listed in the table of contents is presented for purposes of additional analysis as required by the U.S. Office of Management and Budget Circular A-133, "Audits of States, Local Governments and Non-Profit Organizations," and the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the regulatory financial statements. This information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

This report is intended for the information of the City of Englewood, County of Bergen, New Jersey, the Division of Local Government Services and federal and state audit agencies and is not intended to be, and should not be, used by anyone other than these specified parties.

NOTES TO FINANCIAL STATEMENTS

CITY OF ENGLEWOOD

NOTES TO FINANCIAL STATEMENTS  
YEAR ENDED DECEMBER 31, 2011 AND 2010

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The City of Englewood is an instrumentality of the State of New Jersey established to function as a municipality. The City Council consists of elected officials and is responsible for the fiscal control of the City.

Except as noted below, the financial statements of the City of Englewood include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the City of Englewood, as required by N.J.S.A. 40A:5-5. Accordingly, the financial statements of the City of Englewood do not include the operations of the local school district, inasmuch as their activities are administered by a separate board.

B. Description of Funds

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB codification establishes the presentation of basic financial statements into three fund types, the governmental, propriety and fiduciary as well as government wide financial reporting funds that must be used by governmental units when reporting financial position and results of operations in accordance with U.S. Generally Accepted Accounting Principles (GAAP).

The accounting policies of the City of Englewood conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the financial transactions and accounts of the City of Englewood are organized on the basis of funds and an account group which is different from the fund structure required by GAAP. A fund or account group is an accounting entity with a separate set of self-balancing accounts established to record the financial position and results of operation of a specific governmental activity. As required by the Division of Local Government Services, the City accounts for its financial transactions through the following individual funds and account group:

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. Description of Funds (Continued)

Current Fund - resources and expenditures for governmental operations of a general nature, including federal and state grant funds

Trust Fund - receipts, custodianship and disbursements of funds in accordance with the purpose of which each reserve was created

General Capital Fund - receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund

General Fixed Assets Account Group - utilized to account for property, land, buildings and equipment that have been acquired by other governmental funds

Library Fund - receipt and disbursement of funds for the operations of the library

C. Basis of Accounting

The accounting principles and practices prescribed for municipalities by the State of New Jersey differ in certain respects from generally accepted accounting principles applicable to local governmental units. The more significant accounting policies and differences in the State of New Jersey are as follows:

A modified accrual basis of accounting is followed with minor exceptions.

Revenues - are recorded when received in cash except for certain amounts which are due from other governmental units. Federal and state grants are realized as revenue when anticipated in the City's budget. Receivables for property taxes are recorded with offsetting reserves on the balance sheet of the City's Current Fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due the City which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received. GAAP requires revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

Expenditures - are recorded on the "budgetary" basis of accounting. Generally expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with the Encumbrance Accounting System.

Outstanding encumbrances at December 31 are reported as a cash liability in the financial statements and constitute part of the City's statutory Appropriation Reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31st of each year and recorded as liabilities except for amounts which may be canceled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis, whereas interest on utility indebtedness is on the accrual basis.

Encumbrances - Contractual orders at December 31 are reported as expenditures through the establishment of encumbrances payable. Under GAAP, encumbrances outstanding at year end are reported as reservations of fund balance because they do not constitute expenditures or liabilities.

Foreclosed Property - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved. GAAP requires such property to be recorded in the General Fixed Assets Account Group at its market value.

Sale of Municipal Assets - The proceeds from the sale of municipal assets can be held in a reserve until anticipated as a revenue in a future budget. GAAP requires such proceeds to be recorded as a revenue in the year of sale.

Interfunds - Interfund receivables in the Current Fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. Basis of Accounting (Continued)

General Fixed Assets - N.J.A.C. 5:30-5.6, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles, requires the inclusion of a statement of general fixed assets of the City as part of its basic financial statements. General fixed assets are defined as nonexpendable personal property having a physical existence, a useful life of more than one year and an acquisition cost of \$2,000.00 or more per unit.

Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized. No depreciation has been provided on general fixed assets or reported in the financial statements.

The City has developed a fixed assets accounting and reporting system based on an inspection and valuation prepared by an independent appraisal firm. Fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Land is stated at the assessed value contained in the City's most recent property revaluation. Buildings are stated at the most recent insurance replacement value. General Fixed Assets that have been acquired and are utilized in a governmental fund operation are accounted for in the General Fixed Assets Account Group rather than in a governmental fund.

Expenditures for construction in progress are recorded in the Capital Funds until such time as the construction is completed and put into operation.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

Inventories of Supplies - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories are not included on the various balance sheets. GAAP requires the cost of inventories to be reported as a current asset and equally offset by a fund balance reserve.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Basic Financial Statements

The GASB codification also defines the financial statements of a governmental unit to be presented in the general purpose financial statements to be in accordance with GAAP. The City presents the financial statements listed in the table of contents of the "Requirements of Audit and Accounting Revision of 1987" as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and which differ from the financial statements required by GAAP.

NOTE 2: CASH AND CASH EQUIVALENTS

The City considers petty cash, change funds, cash in banks and certificates of deposit as cash and cash equivalents.

A. Deposits

New Jersey statutes permit the deposit of public funds in institutions which are located in New Jersey and which meet the requirements of the Governmental Unit Deposit Protection Act (GUDPA) or the State of New Jersey Cash Management Fund. GUDPA requires a bank that accepts public funds to be a public depository. A public depository is defined as a state bank, a national bank, or a savings bank, which is located in the State of New Jersey, the deposits of which are insured by the Federal Deposit Insurance Corporation. The statutes also require public depositories to maintain collateral for deposits of public funds that exceed certain insurance limits. All collateral must be deposited with the Federal Reserve Bank or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.00.

The City of Englewood had the following cash and cash equivalents at December 31, 2011:

NOTE 2: CASH AND CASH EQUIVALENTS (CONTINUED)

A. Deposits (Continued)

Custodial Credit Risk-Deposits - Custodial credit risk is the risk that in the event of a bank failure, the deposits may not be returned. The City does not have a specific deposit policy for custodial credit risk other than those policies that adhere to the requirements of statute. As of December 31, 2011, based upon the coverage provided by FDIC and NJGUDPA, no amount of the bank balance was exposed to custodial credit risk. Of the cash on balance in the bank, \$1,778,921.22 was covered by Federal Depository Insurance and \$16,350,690.32 was covered under the provisions of NJGUDPA and \$1,031,176.92 was on deposit with the New Jersey Cash Management Fund which is considered an investment pool and is not insured by FDIC or GUDPA.

|              |                |
|--------------|----------------|
| Current Fund | \$3,300,000.00 |

NOTE 5: PROPERTY TAXES

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied based on the final adoption of the current year municipal budget, and are payable in four installments on February 1, May 1, August 1 and November 1. The City bills and collects its own property taxes and also the taxes for the County and the Local School District. The collections and remittance of county and school taxes are accounted for in the Current Fund. City property tax revenues are recognized when collected in cash and any receivables are recorded with offsetting reserves on the balance sheet of the City's Current Fund.

Taxes Collected in Advance - Taxes collected in advance and recorded as cash liabilities in the financial statements are as follows:

|               | BALANCE<br>DECEMBER 31,<br><u>2011</u> | BALANCE<br>DECEMBER 31,<br><u>2010</u> |
|---------------|--|--|

NOTE 6: PENSION PLANS

City employees, who are eligible for a pension plan, are enrolled in one of three pension systems administered by the Division of Pensions, Treasury Department of the State of New Jersey. The plans are: the Public Employees' Retirement System, the Police and Firemen's Retirement System, and the Consolidated Police and Firemen's Pension Fund of New Jersey. The Division annually charges participating government units for their respective contributions to the plans based upon actuarial methods. Certain portions of the cost are contributed by the employees. The City's share of pension costs, which is based upon the annual billings received from the State, amounted to \$5,064,666.00 for 2011, \$4,456,085.00 for 2010, and \$3,735,079.00 for 2009.

Certain City employees are also covered by the Federal Insurance Contribution Act.

Information as to the comparison of the actuarially computed value of vested benefit with the system's assets is not available from the State Retirement System and, therefore, is not presented.

NOTE 7: COMPENSATED ABSENCES

Under the terms of various contracts, employees are compensated for unused vacation time and personal days. The accumulated cost of such unpaid compensation is not required to be reported in the financial statements as presented but is estimated by the City to be \$5,979,000.00. The City appropriates annually the amounts required to be paid in any fiscal year in that year's budget and has appropriated \$420,000.00 in 2012.

NOTE 8: LITIGATION

The City is involved in a challenge to a special assessment in the amount of \$8,535,000.00 against certain properties in the vicinity of Route 4 for funds expended by the City for the acquisition of property and construction of a roadway. This lawsuit is presently in the preliminary stage, with the probability of a successful defense unknown at this time.

NOTE 9: CONTINGENT LIABILITIES

The City participates in several federal and state financial assistance grant programs. Entitlement to the funds is generally conditional upon compliance with terms and conditions of the grant agreements and applicable regulations, including the expenditures of funds for eligible purposes. These programs are subject to compliance and financial audits by the grantors or their representatives. As of December 31, 2011, the City does not believe that any material liabilities will result from such audits.

NOTE 10: RISK MANAGEMENT

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The City has established a worker's compensation plan for its employees. In addition, the City has established a plan for property and liability claims against the City. Transactions related to the plan are accounted for in the Current Fund. The City funds the entire cost of the plans. Workers compensation claims are paid directly by the plan up to a maximum of \$500,000.00 for any one accident or occurrence, with any excess benefit being reimbursed through a Re-insurance Agreement with SUA Insurance Co. Liability claims are paid directly by the plan up to a maximum of \$150,000.00 to \$250,000.00 (varies by type of liability) for any one accident or occurrence, with any excess benefit being reimbursed through a Re-Insurance Agreement with Lloyds of London or Safety National Casualty Corporation (employers liability). The limit of re-insurance varies by type of coverage and ranges from \$2,000,000.00 to 4,850,000.00 per occurrence. A contingent liability exists with respect to reinsurance, which would become an actual liability in the event the reinsuring company may not be able to meet their obligations to the City under the existing agreements.

Estimates of claims payable were determined based on claim information supplied by the claims administrator. The City has not created a liability for loss reserves of \$1,685,282.00 for claims incurred which were unpaid at December 31, 2011. In addition, the City has not created a liability for any potential unreported losses which have taken place but in which the City has not received notices or report of losses. The effect on the financial statements from these omissions could not be determined but is material.

The City of Englewood is a member of the Garden State Municipal Joint Insurance Fund (GSMJIF). The GSMJIF is a property and casualty insurance fund serving municipalities throughout the State of New Jersey.

NOTE 10: RISK MANAGEMENT (CONTINUED)

New Jersey Unemployment Compensation Insurance - The City has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the City is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The City is billed quarterly for amounts due to the State. Below is a summary of City contributions, employee contributions, reimbursements to the State for benefits paid, and the ending balance of the City's expendable trust fund for the current and previous two years:

| <u>Year</u> | <u>City Contributions and Interest</u> | <u>Employee Contributions</u> | <u>Amount Reimbursed</u> | <u>Ending Balance</u> |

NOTE 12: GASB 45 – OTHER POST RETIREMENT EMPLOYEE BENEFITS

Plan Description. The City contributes to the State Health Benefits Program (SHBP) a cost-sharing, multiple-employer defined benefit postemployment healthcare plan administered by the State of New Jersey Division of Pensions and Benefits. SHBP was established in 1961 under N.J.S.A. 52:14-17.25 *et seq.* to provide health benefits to State employees, retirees, and their dependents. The SHBP was extended to employees, retirees, and dependents of participating local public employers in 1964. Local employers must adopt a resolution to participate in the SHBP. Rules governing the operation and administration of the program are found in Title 17, Chapter 9 of the New Jersey Administrative Code. SHBP provides medical, prescription drugs, mental health/substance abuse, and Medicare Part B reimbursement to retirees and their covered dependents. The State Health Benefits Commission is the executive body established by statute to be responsible for the operation of the SHBP. The State of New Jersey Division of Pensions and Benefits issues a publicly available financial report that includes financial statements and required supplementary information for the SHBP. That report may be obtained by writing to: State of New Jersey Division of Pensions and Benefits, P.O. Box 295, Trenton, NJ 08625-0295 or by visiting their website at <http://www.state.nj.us/treasury/pensions>.

Funding Policy. Contributions to pay for the health premiums of participating employees in the SHBP are billed to the City on a monthly basis. Participating employers are contractually required to contribute based on the amount of premiums attributable to their retirees. In accordance with Chapter 62, P.L. 1994, post-retirement medical benefits have been funded on a pay-as-you-go basis since 1994. Prior to 1994, medical benefits were funded on an actuarial basis

NOTE 13: TAX APPEALS

There are several tax appeals filed with the State Tax Court of New Jersey requesting a reduction of assessments. Any reduction in assessed valuation will result in a refund of prior years' taxes in the year of settlement, which may be funded from tax revenues through the establishment of a reserve or by the issuance of refunding bonds per N.J.S.A. 40A:2-51. The City has made provision from tax revenues, in the amount of \$1,067,717.33, for these appeals in the event that the tax reductions are granted.

NOTE 14: GUARANTEE OF DEBT

On October 24, 2006, the Englewood Volunteer Ambulance Corp. was approved for a low interest loan with the State of New Jersey under the Volunteer Emergency Service Organizations Program in the amount of \$50,000.00 for the purchase of an ambulance. The loan was to be paid in annual installments over a ten year period. On October 9, 2008, the Englewood Volunteer Ambulance Corp. defaulted on the loan and on June 23, 2009, the City assumed the loan and a significant portion of the emergency medical services responsibilities in the City. The City of Englewood agreed to pay the loan from the loan proceeds and an annual budget appropriation to pay the interest on the loan. At December 31, 2011 the loan balance was \$30,000.00.

Principal and Interest due on the loan are as follows:

| <u>YEAR</u> | <u>PRINCIPAL</u>   | <u>INTEREST</u>   | <u>TOTAL</u>       |

## INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

The Honorable Mayor and Members  
of the City Council  
City of Englewood  
County of Bergen  
Englewood, New Jersey 07631

We have audited the accompanying financial statements - regulatory basis of the City of Englewood, County of Bergen, New Jersey as of and for the year ended December 31, 2011, and have issued our report thereon dated August 30, 2012. Our report disclosed that, as described in Note 1 to the financial statements, the City of Englewood prepares its financial statements on a basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, that demonstrates compliance with a modified accrual basis and the budget laws of the State of New Jersey, which is a comprehensive basis of accounting other than U.S. generally accepted accounting principles. We conducted our audit in accordance with U.S. generally accepted auditing standards, audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

### Internal Control Over Financial Reporting

In planning and performing our audit, we considered the City of Englewood's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the City of Englewood's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the City of Englewood's internal control over financial reporting.

## SUPLEE, CLOONEY & COMPANY

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the City of Englewood's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies or material weaknesses have been identified. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, as described in the accompanying schedule of findings and questioned costs as items 2011-1 and 2011-2, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies in internal control over financial reporting.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Englewood's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of basic financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs which are described in the accompanying Schedule of Findings and Questioned Costs as items #2011-1 and #2011-2. In addition, we noted other immaterial instances of noncompliance which are discussed in Part III, General Comments and Recommendations Section of this report.

The City of Englewood's response to the findings identified in our audit will be described in the City's Corrective Plan on file in the City Clerk's Office. We did not audit the City's response and, accordingly, we express no opinion on it.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO MAJOR FEDERAL FINANCIAL ASSISTANCE PROGRAMS AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH U.S. OMB CIRCULAR A-133

The Honorable Mayor and Members  
of the City Council  
City of Englewood  
County of Bergen  
Englewood, New Jersey 07631

### Compliance

We have audited the compliance of the City of Englewood, County of Bergen, with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that is applicable to each of its major federal programs for the year ended December 31, 2011. The City of Englewood's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the City of Englewood's management. Our responsibility is to express an opinion on the City of Englewood's compliance based on our audit.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and the provisions of U.S. Office of Management and Budget (OMB) Circular A-133 "Audits of States, Local Governments and Non-Profit Organizations." Those standards and provisions require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Englewood's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the City of Englewood's compliance with those requirements.

## SUPLEE, CLOONEY & COMPANY

In our opinion, the City of Englewood complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended December 31, 2011.

### Internal Control Over Compliance

The management of the City of Englewood is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the City of Englewood's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

COMMENTS AND RECOMMENDATIONS

## GENERAL COMMENTS

### CONTRACTS AND AGREEMENTS REQUIRED TO BE ADVERTISED FOR N.J.S.A. 40A:11-4

"Every contract or agreement, for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only by the governing body of the contracting unit after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate the amount set forth in, or the amount calculated by the Governor pursuant to Section 3 P.L. 1971 C. 198 (C. 40A:11-3), except by contract or agreement."

Effective January 1, 2011, the bid threshold in accordance with N.J.S.A. 40A:11-3 is \$17,500.00 without a qualified purchasing agent.

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed \$17,500.00 within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the City Counsel's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following items:

- Equipment
- Snow Plowing
- Uniforms
- Bus Service
- Road Improvements
- Leaf Waste Disposal

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S.A. 40A:11-5.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed. Our audit of expenditures did not reveal any individual payments, contracts or agreements in excess of \$17,500.00 "for the performance of any work or the furnishing or hiring of any materials or supplies, other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of N.J.S.A. 40A:11-6."

## COLLECTION OF INTEREST ON DELINQUENT TAXES AND ASSESSMENTS

The statute provides the method for authorizing interest and the maximum rate to be charged for the non-payment of taxes or assessments on or before the date when they would become delinquent.

The governing body on January 4, 2011 adopted the following resolution authorizing interest to be charged on delinquent taxes and assessments:

"NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Englewood that the rate of interest to be charged for the non-payment of taxes or assessments when payments become delinquent shall be eight (8%) per cent for amounts up to an including \$1,500.00 and eighteen (18%) per cent for amounts of \$1,501.00 and over per annum for the year 2011;

BE IT FURTHER RESOLVED, by the City Council of the City of Englewood that in addition to the interest stated in the foregoing paragraph, a penalty shall be charged for taxpayers with a delinquency in excess of \$10,000.00 at the end of the calendar year six (6%) per cent of the amount of the delinquency for the year 2010;

BE IT FURTHER RESOLVED, that the grace period of ten (10) calendar days will be allowed within which an installment of taxes or assessments may be received without additional charge of interest as provided by Chapter 105, Laws of 1965."

It appears from an examination of the Collector's records that interest was collected in accordance with the foregoing resolution.

## DELINQUENT TAXES AND TAX TITLE LIENS

The last tax sale was held on October 17, 2011 and was complete.

Inspection of Tax Sale Certificates on file revealed that all Tax Sale Certificates were available for audit.

The following comparison is made of the number of tax title liens on December 31 of the last three years:

| <u>YEAR</u> | <u>NUMBER OF LIENS</u> |
|-------------|------------------------|
| 2011        | 13                     |
| 2010        | 17                     |
| 2009        | 11                     |

It is essential to good management that all means provided by statute be utilized to liquidate tax title liens in order to get such properties back on a taxpaying basis.

## VERIFICATION OF DELINQUENT TAXES AND OTHER CHARGES

A test verification of delinquent charges and current payments was made in accordance with the regulations of the Division of Local Government Services, consisting of the mailing of verification notices as follows:

| <u>TYPE</u>            |    |
|------------------------|----|
| Payments of 2012 Taxes | 25 |
| Payments of 2011 Taxes | 25 |

## OTHER COMMENTS

### Interfunds

Transactions invariably occur in one fund which require a corresponding entry to be made in another fund, thus creating interfund balances. References to the various balance sheets show the interfund balances remaining at year end. As a general rule all interfund balances should be closed out as of the end of the year.

It is the City's policy to review and liquidate all interfund balances on a periodic basis.

### Departments

The audit of the condition of records maintained by the various departments of the City were designed to determine whether minimum levels of internal controls and accountability were maintained, that cash receipts were deposited or turned over to the Treasurer within 48 hours per N.J.S.A. 40A:5-15 and that the amounts collected were in accordance with various ordinances, statutes, contracts or agreements. Our audit revealed the following exceptions:

#### Police and Planning Board

Cash receipts were not always turned over within 48 hours of receipt.

#### Court

We noted several tickets in excess of 6 months old on the "Assigned Not Issued" report.

#### Taxes

We noted the prior year taxes receivable of \$917,703 still remains outstanding and appears to be uncollectible.

## OTHER COMMENTS (CONTINUED)

### Treasurer

The General Ledger for the Current Fund was not reconciled with the detailed records maintained by the Tax Collector.

We noted that independent contractors were not always issued 1099s or were issued 1099s for incorrect amounts.

We noted that individuals that were employed by the city were paid by voucher when they should have been paid through the City's payroll system.

We noted that a portion of parking lot fees were not applied to the Capital Fund parking fee accounts receivable.

### Purchasing

The City has not maintained a complete encumbrance accounting system in accordance with the minimum requirements as promulgated by the Division of Local Government Services. We noted that several purchase orders are processed as confirming orders. This is where goods have been received or services have been rendered prior to the issuance of a purchase order. In effect, the controls that minimize the possibility of overexpenditures and unauthorized purchases are not in operation

## RECOMMENDATIONS

\*That the Police and Planning Board/Board of Adjustment turn over receipts within 48 hours.

That tickets on the "Assigned but not Issued Report" be investigated and cleared of record.

\*That prior year taxes receivable, which remain uncollected, be canceled by governing body resolution.

That the Current Fund General Ledger be reconciled with the detailed records of the Tax Collector.

That 1099s be properly issued.

That individuals who are not independent contractors be paid through the City's payroll system.

That the Towne Centre parking lot fee agreement be investigated as to the proper allocation of parking lot fees.

That the practice of issuing confirming purchase orders be discontinued.

\*That the City's fixed asset report should contain detailed listings of all items contained within the report. In addition, all current year assets should be included in the fixed asset report.
