## **INDEPENDENT AUDITOR'S REPORT**

Honorable Mayor and  
Members of the City Council  
2-10 North Van Brunt Street  
Englewood, NJ 07631

### **Report on the Audit of Financial Statements**

#### ***Opinions***

We have audited the accompanying balance sheets - regulatory basis of the various funds and account group of the City of Englewood, as of December 31, 2021 and 2020, and the related statements of operations and changes in fund balance - regulatory basis for the years then ended, and the related statement of revenues - regulatory basis and statement of expenditures - regulatory basis of the various funds for the year ended December 31, 2021, and the related notes to the financial statements.

#### ***Unmodified Opinion on Regulatory Basis of Accounting***

In our opinion, the financial statements – regulatory basis referred to above present fairly, in all material respects, the financial position – regulatory basis of the various funds and account group of the City of Englewood as of December 31, 2021 and 2020, and the results of operations and changes in fund balance – regulatory basis of such funds for the years then ended and the respective revenues – regulatory basis and expenditures – regulatory basis of the various funds for the year ended December 31, 2021 in accordance with the financial accounting and reporting provisions and practices prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

#### ***Adverse Opinion on U.S. Generally Accepted Accounting Principles***

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles section of our report, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the City of Englewood as of December 31, 2021 and 2020, or changes in financial position, or, where applicable, cash flows for the years then ended.

#### ***Basis for Opinions***

We conducted our audits in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Englewood and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles***

As described in Note 1 of the financial statements, the financial statements are prepared by the City of Englewood on the basis of the financial accounting and reporting provisions and practices that demonstrate compliance with the regulatory basis of accounting and budget laws prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the financial reporting requirements of the State of New Jersey for municipal government entities.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material and pervasive.

### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the financial accounting and reporting provisions and practices that demonstrate compliance with the regulatory basis of accounting and budget laws prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Englewood's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards and audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards and audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Englewood's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Englewood's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements of the City of Englewood as a whole. The supplementary schedules listed in the table of contents, schedule of expenditures of federal awards and schedule of expenditures of state financial assistance are presented for purposes of additional analysis and are not a required part of the financial statements of the City of Englewood. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary schedules listed in the table of contents, schedule of expenditures of federal awards and schedule of expenditures of state financial assistance are fairly stated, in all material respects, in relation to the financial statements as a whole on the basis of accounting described in Note 1.

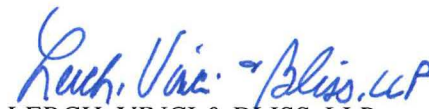

### ***Other Information***

Management is responsible for the other information included in the report of audit. The other information comprises the supplementary data and letter of comments and recommendation section but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

### **Other Reporting Required by Government Auditing Standards**

In accordance with Government Auditing Standards, we have also issued our report dated September 9, 2022 on our consideration of the City of Englewood's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Englewood's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City of Englewood's internal control over financial reporting and compliance.

**CITY OF ENGLEWOOD  
NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2021 AND 2020**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Reporting Entity**

The City of Englewood (the "City") was incorporated in 1899 and operates under an elected Council-Manager form of government. The Mayor and five Council members are elected for terms of three years. The City is divided into four wards which are approximately equal in population. Four Council members are elected by the individual wards in which they live and one Council member is elected by a city-wide vote as an at-large Council member. The City Council exercises all legislative powers including final adoption of the municipal budget and bond ordinances. A City Manager is appointed by the City Council and is responsible for the implementation of the policies of the City Council, for the administration of all City affairs and for the day to day operations of the City. The City Manager is the Chief Administrative Officer for the City. The City's major operations include public safety, road repair and maintenance, sanitation, fire protection, recreation and parks, health services, and general administrative services.

GASB requires the financial reporting entity to include both the primary government and component units. Component units are legally separate organizations for which the City is financially accountable. The City is financially accountable for an organization if the City appoints a voting majority of the organization's governing board and (1) the City is able to significantly influence the programs or services performed or provided by the organization; or (2) the City is legally entitled to or can otherwise access the organization's resources; the City is legally obligated or has otherwise assumed the responsibility to finance the deficits of, or provide financial support to, the organization; or the City is obligated for the debt of the organization. Component units may also include organizations that are fiscally dependent on the City in that the City approves the budget, the issuance of debt or the levying of taxes. The City is not includable in any other reporting entity as a component unit.

The financial statements contained herein include only those boards, bodies, officers or commissions as required by NJS 40A:5-5. Accordingly, the financial statements of the City do not include the municipal library, which is considered component units under GAAP. Complete financial statements of the above component units can be obtained by contacting the Treasurer of the respective entity.

**B. Description of Regulatory Basis of Accounting**

The financial statements of the City of Englewood have been prepared on a basis of accounting in conformity with accounting principles and practices prescribed or permitted by the Division of Local Government Services, Department of Community Affairs, State of New Jersey (the "Division") which is a regulatory basis of accounting other than accounting principles generally accepted in the United States of America (GAAP). Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the City accounts for its financial transactions through separate funds, which differ from the fund structure required by GAAP.

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB has adopted accounting statements to be used by governmental units when reporting financial position and results of operations in accordance with accounting principles generally accepted in the United States of America. (GAAP). The municipalities in the State of New Jersey do not prepare financial statements in accordance with GAAP and thus do not comply with all of the GASB pronouncements.

**C. Basis of Presentation – Financial Statements**

The City uses funds, as required by the Division, to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial administration by segregating transactions related to certain City functions or activities. The City also uses an account group, which is designed to provide accountability for certain assets that are not recorded in those Funds.

The City has the following funds and account group:

*Current Fund* – This fund is used to account for the revenues and expenditures for governmental operations of a general nature and the assets and liabilities related to such activities, including Federal and State grants not accounted for in another fund.

*Trust Funds* - These funds are used to account for assets held by the government in a trustee capacity. Funds held by the City as an agent for individuals, private organizations, or other governments are recorded in the Trust Funds.

*Assessment Trust Fund* - This fund is used to account for special benefit assessments levied against properties for specific purposes.

*Animal Control Trust Fund* - This fund is used to account for fees collected from dog and cat licenses and expenditures which are regulated by NJS 4:19-15.11.

*Community Development Block Grant Fund* - This fund is used to account for grant proceeds, program income and related expenditures for Federal Block grant entitlements.

*Unemployment Compensation Trust Fund* - This fund is used to account for employee and employer contributions for the purpose of providing unemployment benefits to former eligible employees.

*Other Trust Fund* - This fund is established to account for the assets and resources, which are held by the City as a trustee or agent for individuals, private organizations, other governments and/or other funds. These funds include dedicated fees/proceeds collected, developer deposits, payroll related deposits and funds deposited with the City as collateral.

*General Capital Fund* – This fund is used to account for the receipt and disbursement of funds used and related financial transactions related to the acquisition or improvement of general capital facilities and other capital assets, other than those acquired in the Current Fund.

*General Fixed Assets Account Group* - This account group is used to account for all general fixed assets of the City. The City's infrastructure is not reported in the account group.

**Comparative Data** - Comparative data for the prior year has been presented in the accompanying financial statements in order to provide an understanding of changes in the City's financial position and operations. However, comparative data have not been presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand.

**Reclassifications** - Certain reclassifications may have been made to the December 31, 2020 balances to conform to the December 31, 2021 presentation.

**C. Basis of Presentation – Financial Statements (Continued)**

**Financial Statements – Regulatory Basis**

The GASB Codification also requires the financial statements of a governmental unit to be presented in the basic financial statements in accordance with GAAP. The City presents the regulatory basis financial statements listed in the table of contents which are required by the Division and which differ from the basic financial statements required by GAAP. In addition, the Division requires the regulatory basis financial statements listed in the table of contents to be referenced to the supplementary schedules. This practice differs from reporting requirements under GAAP.

**D. Measurement Focus and Basis of Accounting**

The accounting and financial reporting treatment is determined by the accounting principles and practices prescribed by the Division in accordance with the regulatory basis of accounting. Measurement focus indicates the type of resources being measured. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The City of Englewood follows a modified accrual basis of accounting. Under this method of accounting, revenues, except State/Federal Aid, are recognized when received and expenditures are recorded when incurred. The accounting principles and practices prescribed or permitted for municipalities by the Division (“regulatory basis of accounting”) differ in certain respects from accounting principles generally accepted in the United States of America (GAAP) applicable to local government units. The more significant differences are as follows:

**Cash and Investments** - Cash includes amounts in demand deposits as well as short-term investments with a maturity date within three months of the date acquired by the government. Investments are reported at cost and are limited by N.J.S.A. 40A:5-15.1 et seq. GAAP requires that all investments be reported at fair value.

**Inventories** - The costs of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The costs of inventories are not included on the various balance sheets. GAAP requires inventories to be recorded as assets in proprietary-type funds.

**Property Tax Revenues/Receivables** - Real property taxes are assessed locally, based upon the assessed value of the property. The tax bill includes a levy for Municipal, County, and School purposes. The bills are mailed annually in June for that calendar year's levy. Taxes are payable in four quarterly installments on February 1, May 1, August 1, and November 1. The amounts of the first and second installments are determined as one-quarter of the total tax levied against the property for the preceding year. The installment due the third and fourth quarters is determined by taking the current year levy less the amount previously charged for the first and second installments, with the remainder being divided equally. If unpaid on these dates, the amount due becomes delinquent and subject to interest at 8% per annum, or 18% on any delinquency amount in excess of \$1,500. A penalty of up to 6% of the delinquency may be imposed on a taxpayer with a delinquency in excess of \$10,000 who fails to pay that delinquency prior to the end of the fiscal year in which the charges become delinquent. The school levy is turned over to the Board of Education as expenditures are incurred, and the balance, if any, must be transferred as of December 31, of each fiscal year. County taxes are paid quarterly on February 15, May 15, August 15 and November 15, to the County by the City. When unpaid taxes or any municipal lien, or part thereof, on real property, remains in arrears on April first in the year following the calendar year levy when the same became in arrears, the collector in the municipality shall, subject to the provisions of the New Jersey Statutes, enforce the lien by placing the property on a standard tax sale. The City also has the option when unpaid taxes or any municipal lien, or part thereof, on real property remains in arrears on the 11<sup>th</sup> day of the eleventh month in the fiscal year when the taxes or lien became in arrears, the collector in the municipality shall, subject to the provisions of the New Jersey Statutes, enforce the lien by placing property on an accelerated tax sale, provided that the sale is conducted and completed no earlier than in the last month of the fiscal year. The City may institute annual in rem tax foreclosure proceedings to enforce the tax collection or acquisition of title to the property. In accordance with

YEARS ENDED DECEMBER 31, 2021 AND 2020**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**D. Measurement Focus and Basis of Accounting (Continued)**

**Property Tax Revenues/Receivables (Continued)**

the accounting principles prescribed by the State of New Jersey, current and delinquent taxes are realized as revenue when collected. Since delinquent taxes and liens are fully reserved, no provision has been made to estimate that portion of the tax receivable and tax title liens that are uncollectible. GAAP requires property tax revenues to be recognized in the accounting period when they become susceptible to accrual (i.e., when they are both levied and available), reduced by an allowance for doubtful accounts.

**Miscellaneous Revenues/Receivables** - Miscellaneous revenues are recognized on a cash basis. Receivables for the miscellaneous items that are susceptible to accrual are recorded with offsetting reserves on the balance sheet of the City's Current Fund. GAAP requires such revenues to be recognized in the accounting period when they become susceptible to accrual (i.e., when they are both measurable and available).

**Grant and Similar Award Revenues/Receivables** - Federal and State grants, entitlements or shared revenues received for purposes normally financed through the Current Fund are recognized when anticipated in the City's budget. GAAP requires such revenues to be recognized as soon as all eligibility requirements imposed by the grantor or provider have been met.

**Property Acquired for Taxes** – Property acquired for taxes is recorded in the Current Fund at the assessed valuation when such property was acquired, and is fully reserved. GAAP requires such property to be recorded as a capital asset in the government-wide financial statements at fair value on the date of acquisition.

**Interfunds** - Interfund receivables in the Current Fund are recorded with offsetting reserves, which are created by charges to operations. Income is recognized in the year the receivables are liquidated. Interfund receivables in the other funds are not offset by reserves. GAAP does not require the establishment of an offsetting reserve for interfunds and, therefore, does not recognize income in the year liquidated.

**Prepaid Items** – Certain payments to vendors or other governments reflect costs applicable to future accounting periods and are recorded as prepaid items. Prepaid items in the current fund, except for prepaid debt service, are offset by a reserve, created by a charge to operations. GAAP does not require the establishment of a reserve for prepaid items.

**Deferred Charges** – Certain expenditures, operating deficits and other items are required to be deferred to budgets of succeeding years. GAAP requires expenditures, operating deficits and certain other items generally to be recognized when incurred, if measurable.

Funded and unfunded debt authorizations for general capital projects are also recorded as deferred charges and represent permanent long-term debt issues outstanding (funded) and temporary debt issues outstanding or unissued debt authorizations (unfunded), respectively. GAAP does not permit the recording of deferred charges for funded and unfunded debt authorizations.

**Appropriation Reserves** – Appropriation reserves are recorded as liabilities and are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding year. Lapsed appropriation reserves are recorded as additions to income. Appropriation reserves do not exist under GAAP.

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**D. Measurement Focus and Basis of Accounting (Continued)**

**Expenditures** – Expenditures are recorded on the "budgetary" basis of accounting. Generally, expenditures are recorded when an amount is encumbered for goods or services through the issuance of a purchase order in conjunction with an encumbrance accounting system. Outstanding encumbrances at December 31, are reported as a cash liability in the financial statements. Unexpended or uncommitted appropriations, at December 31, are reported as expenditures through the establishment of appropriation reserves unless cancelled by the governing body. GAAP requires expenditures to be recognized in the accounting period in which the fund liability is incurred, if measurable, except for unmatured interest on general long-term debt, as well as expenditures related to compensated absences and claims and judgements, which are recognized when due.

**Encumbrances** - Contractual orders outstanding at December 31, are reported as expenditures and liabilities through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures or liabilities under GAAP.

**Compensated Absences** - Expenditures relating to obligations for unused vested accumulated vacation and sick leave are not recorded until paid; however, municipalities may establish and budget reserve funds subject to NJSA 40A:4-39 for the future payment of compensated absences. GAAP requires that the amount that would normally be liquidated with expendable available financial resources be recorded as an expenditure in the operating funds and the remaining obligations are recorded as a long-term obligation in the government-wide financial statements.

**Tax Appeals and Other Contingent Losses** - Losses arising from tax appeals and other contingent losses are recognized at the time a decision is rendered by an administrative or judicial body; however, municipalities may establish reserves transferred from tax collections or by budget appropriation for future payments of tax appeal losses. GAAP requires such amounts to be recorded when it is probable that a loss has been incurred and the amount of such loss can be reasonably estimated.

**General Fixed Assets** - In accordance with NJAC 5:30-5.6, Accounting for Governmental Fixed Assets, the City of Englewood has developed a fixed assets accounting and reporting system. Fixed assets are defined by the City as assets with an initial, individual cost of \$2,000 and an estimated useful life in excess of two years.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and sewerage and drainage systems are not capitalized.

General Fixed Assets purchased are stated as follows:

Land and Buildings	Assessed Value
Machinery and Equipment	Historical Cost or Estimated Historical Cost

No depreciation has been provided for in the financial statements.

YEARS ENDED DECEMBER 31, 2021 AND 2020**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**D. Measurement Focus and Basis of Accounting (Continued)**

**General Fixed Assets (Continued)**

Expenditures for construction in progress are recorded in the General Capital Fund until such time as the construction is completed and put into operation for general fixed assets.

GAAP requires that capital assets be recorded in proprietary-type funds as well as the government-wide financial statement at historical or estimated historical cost if actual historical cost is not available. In addition, GAAP requires depreciation on capital assets to be recorded in proprietary-type funds as well as in the government-wide financial statements.

**Use of Estimates** - The preparation of financial statements requires management of the City to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of accrued revenues and expenditures during the reporting period. Accordingly, actual results could differ from those estimates.

**NOTE 2 STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

- A. Budgets and Budgetary Accounting** - An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures. Budget amounts presented in the accompanying financial statements represent amounts adopted by the City and approved by the State Division of Local Government Services as per N.J.S.A. 40A:4 et seq.

The City is not required to adopt budgets for the following funds:

Trust Funds (Except for Assessment Trust Fund)  
General Capital Fund

The governing body is required to introduce and approve the annual budget no later than February 10, of the fiscal year. The budget is required to be adopted no later than March 20, and prior to adoption must be certified by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The Director of the Division of Local Government Services, with the approval of the Local Finance Board may extend the introduction and approval and adoption dates of the municipal budget. The budget is prepared by fund, function, activity and line item (salary or other expense) and includes information on the previous year. The legal level of control for appropriations is exercised at the individual line item level for all operating budgets adopted. The governing body of the municipality may authorize emergency appropriations and the inclusion of certain special items of revenue to the budget after its adoption and determination of the tax rate. During the last two months of the fiscal year, the governing body may, by a 2/3 vote; amend the budget through line item transfers. Management has no authority to amend the budget without the approval of the governing body. Expenditures may not legally exceed budgeted appropriations at the line item level. During 2021 and 2020 the City Council increased the original budget by \$164,001 and \$247,930. The increases were funded by additional grants allotted to the City. In addition, the governing body approved several budget transfers during 2021 and 2020.

**B. Excess Expenditures Over Appropriations**

The following is a summary of expenditures in excess of available appropriations. The overexpended appropriations resulted in unfavorable variances.

	<u>Modified Budget</u>	<u>Actual</u>	<u>Unfavorable Variance</u>
<b><u>2021</u></b>			
There are none.			
<b><u>2020</u></b>			
Current Fund-Appropriation Reserves			
Fire Division			
Other Expenses	<u>\$18</u>	<u>\$7,676</u>	<u>\$7,658</u>

In accordance with the regulatory basis of accounting, the above variances or overexpenditures were recorded as deferred charges on the balance sheet of the respective fund at year end and are required to be funded in the succeeding year's budget. GAAP does not permit the deferral of overexpenditures at year end.

**NOTE 3 CASH DEPOSITS AND INVESTMENTS**

The City considers petty cash, change funds, cash in banks, certificates of deposit and deposits with the New Jersey Cash Management Fund as cash and cash equivalents.

**A. Cash Deposits**

The City's deposits are insured through either the Federal Deposit Insurance Corporation (FDIC), National Credit Union Share Insurance Fund (NCUSIF), Securities Investor Protection Corporation (SIPC) or New Jersey's Governmental Unit Deposit Protection Act (GUDPA). The City is required to deposit their funds in a depository which is protecting such funds pursuant to GUDPA. The New Jersey Governmental Unit Deposit Protection Act requires all banks doing business in the State of New Jersey to pledge collateral equal to at least 5% of the average amount of its public deposits and 100% of the average amount of its public funds in excess of the lesser of 75% of its capital funds or \$200 million for all deposits not covered by the FDIC or NCUSIF.

Bank balances are insured up to \$250,000 in the aggregate by the FDIC for each bank. NCUSIF insures credit union accounts up to \$250,000 in the aggregate for each financial institution. SIPC replaces cash claims up to a maximum of \$250,000 for each failed brokerage firm. At December 31, 2021 and 2020, the book value of the City's deposits were \$49,765,819 and \$34,928,194 and bank and brokerage firm balances of the City's deposits amounted to \$51,941,720 and \$38,459,475, respectively. The City's deposits which are displayed on the various fund balance sheets as "cash" are categorized as:

	<u>Bank Balance</u>	
<u>Depository Account</u>	<u>2021</u>	<u>2020</u>
Insured	\$ 51,695,647	\$ 38,213,503

**NOTE 3 CASH DEPOSITS AND INVESTMENTS (Continued)**

Custodial Credit Risk – Deposits – Custodial credit risk is the risk that in the event of a bank failure, the government’s deposits may not be returned to it. The City does not have a formal policy for custodial credit risk. As of December 31, 2021 and 2020, the City’s bank balances of \$246,073 and \$245,972 were exposed to custodial credit risk as follows:

<u>Depository Account</u>	<u>2021</u>	<u>2020</u>
Uninsured and Collateralized		
Collateral held by pledging financial institution's trust department not in the City's name	\$ 246,073	\$ 245,972
	<u>\$ 246,073</u>	<u>\$ 245,972</u>

**B. Investments**

The City is permitted to invest public funds in accordance with the types of securities authorized by N.J.S.A. 40A:5-15.1. Investments include bonds or other obligations of the United States or obligations guaranteed by the United States of America, Government Money Market Mutual Funds, any obligation that a federal agency or a federal instrumentality has issued in accordance with an act of Congress, which security has a maturity date not greater than 397 days from the date of purchase, provided that such obligations bear a fixed rate of interest not dependent on any index or other external factor; bonds or other obligations of the City or bonds or other obligations of the school districts which are a part of the City or school districts located within the City, Bonds or other obligations, having a maturity date of not more than 397 days from the date of purchase, issued by New Jersey school district, municipalities, counties, and entities subject to the “Local Authorities Fiscal Control Law, “ (C.40A:5A-1 et seq.); Other bonds or obligations having a maturity date not more than 397 days from the date of purchase may be approved by the Division of Investments in the Department of the Treasury for investment by local units; Local Government investment pools, deposits with the State of New Jersey Cash Management Fund established pursuant to section 1 of P.L. 1977, c.281 (C.52:18A-90.4); and agreements for the repurchase of fully collateralized securities, if transacted in accordance with NJSA 40A:5-15.1 (8a-8e).

As of December 31, 2021 and 2020, the City had no outstanding investments.

Interest earned in the General Capital Fund, Assessment Trust Fund, Animal Control Fund and certain Other Trust Funds are assigned to the Current Fund in accordance with the regulatory basis of accounting.

**NOTE 4 TAXES RECEIVABLE**

Receivables at December 31, 2021 and 2020 consisted of the following:

	<u>2021</u>	<u>2020</u>
Property Taxes	\$ 13,868	\$ 37,230
Tax Title Liens	<u>252,082</u>	<u>244,686</u>
	<u>\$ 265,950</u>	<u>\$ 281,916</u>

In 2021 and 2020, the City collected \$37,591 and \$19,756 from delinquent taxes, which represented 13% and 8%, respectively of the prior year delinquent taxes receivable balance.

**NOTE 9 MUNICIPAL DEBT**

The Local Bond Law governs the issuance of bonds and notes used to finance capital expenditures. General obligation bonds have been issued for general capital fund projects. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the City are general obligation bonds, backed by the full faith and credit of the City. Bond anticipation notes, which are issued to temporarily finance capital projects and acquisitions or other purposes permitted by the Local Bond Law, must be paid off within ten years and four months or retired by the issuance of bonds.

The City's debt is summarized as follows:

	<u>2021</u>	<u>2020</u>

**Capital Loan**

On September 20, 2005, the City entered into an agreement with the Bergen County Improvement Authority (the "BCIA") whereby the BCIA issued \$15,316,016 of Capital Appreciation Bonds (Series 2005B). Simultaneously with the issuance of these bonds, the Authority entered into a Borrower Purchase Agreement with the City of Englewood whereby the Authority purchased a Borrower Bond from the City in the principal amount of the Bonds issued. Under the Borrower Bond, the City is required repay the BCIA in the amount of principal and interest due on the Bonds. The payments commenced on September 1, 2008 and was retired in full on September 1, 2021.

The City's principal and interest for long-term debt issued and outstanding as of December 31, 2021 is as follows:

**Prior Year Defeasance of Debt**

In prior years, the City defeased certain serial bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and liability for the defeased bonds are not included in the City's financial statements. On December 31, 2021 and 2020, \$2,335,000 and \$2,470,000, respectively, of bonds outstanding are considered defeased.

**B. Short-Term Debt (Continued)**

The purpose of these short-term borrowings was to provide resources for capital construction, acquisitions or improvement projects and other purposes permitted by State Local Bond Law NJSA 40A:2 et. seq. The amounts issued for governmental activities are accounted for in the General Capital Fund.

State law requires that notes are to be issued for a period not exceeding one year and may be renewed from time to time for additional periods, none of which shall exceed one year. All bond anticipation notes, including renewals, shall mature and be paid not later than the first day of the fifth month following the close of the tenth fiscal year following the date of the original notes. In addition any note renewed beyond the third anniversary date of the original note, requires one legally payable installment to be paid.

In addition to the debt shown in the above schedule, municipalities may issue debt to finance emergency or special emergency appropriations or to meet cash flow needs (Tax Anticipation Notes) to temporarily finance operating expenditures. This debt which is not included in the City's statutory debt limit calculation is reported in the Current Fund. For the years 2021 and 2020 the City issued Special Emergency Notes to finance the terminal leave benefits paid to employees who retired from the City.

**Special Emergency Notes**

Following the adoption of an ordinance or resolution for special emergency appropriations, the City may borrow money and issue special emergency notes which may be renewed from time to time, but at least 1/5 of all such notes and the renewal thereof, shall mature and be paid in each year so that all notes have been paid by the end of the fifth year following the date of the special emergency resolution.

**NOTE 11 OTHER LONG-TERM LIABILITIES**

**Compensated Absences**

Under the existing policies and labor agreements of the City, employees are allowed to accumulate (with certain restrictions) unused vacation benefits, sick leave, terminal leave and compensation time in lieu of overtime over the life of their working careers and to redeem such unused leave time in cash (with certain limitations) upon death, retirement or by extended absence immediately preceding retirement.

It is estimated that the current cost of such unpaid compensation and salary related payments would approximate \$6,941,000 and \$6,838,511 at December 31, 2021 and 2020, respectively. These amounts which are considered material to the financial statements, are not reported either as an expenditure or liability. At December 31, 2021 and 2020, the City has reserved \$604,976 and \$471,601, respectively, to fund terminal leave payments.

**Changes in Other Long-Term Liabilities**

Under the regulatory basis of accounting, certain other long-term liabilities which may be considered material to the financial statements are not reported either as an expenditure or a liability. However, under the regulatory basis of accounting, these other long-term liabilities and related information are required to be disclosed in the notes to the financial statements in conformity with the disclosure requirements of the Governmental Accounting Standards Board.

**NOTE 12 EMPLOYEE RETIREMENT SYSTEMS**

The State of New Jersey sponsors and administers the following contributory defined benefit public employee retirement systems (retirement systems) covering substantially all state and local government employees which includes those City employees who are eligible for pension coverage.

**Police and Firemen's Retirement System (PFRS)** – established in July 1944, under the provisions of N.J.S.A. 43:16A to provide coverage to substantially all full time county and municipal police or firemen and State firemen appointed after December 31, 1944. Membership is mandatory for such employees. PFRS is a cost-sharing multi-employer defined benefit pension plan with a special funding situation. For additional information about PFRS, please refer to the State Division of Pension and Benefits (Division's) Comprehensive Annual Financial Report (CAFR) which can be found at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

**CITY OF ENGLEWOOD**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEARS ENDED DECEMBER 31, 2021 AND 2020**

**NOTE 12 EMPLOYEE RETIREMENT SYSTEMS (Continued)**

The vesting and benefit provisions are set by N.J.S.A. 43:16A. PFRS provides retirement benefits as well as death and disability benefits. All benefits vest after ten years of service, except disability benefits which vest after four years of service.

The following represents the membership tiers for PFRS:

<b>Tier</b>	<b>Definition</b>
1	Members who were enrolled prior to May 22, 2010
2	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
3	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits are available at age 55 and are generally determined to be 2% of final compensation for each year of creditable service, as defined, up to 30 years plus 1% for each year of service in excess of 30 years. Members may seek special retirement after achieving 25 years of creditable service, in which benefits would equal 65% (tier 1 and 2 members) and 60% (tier 3 members) of final compensation plus 1% for each year of creditable service over 25 years, but not to exceed 30 years. Members may elect deferred retirement benefits after achieving ten years of service, in which case, benefits would begin at age 55 equal to 2% of final compensation for each year of service.

**Public Employees' Retirement System (PERS)** – established in January 1955, under the provisions of N.J.S.A. 43:15A to provide coverage, to substantially all full-time employees of the State or any county, municipality, school district, or public agency provided the employee is not a member of another State-administered retirement system. Membership is mandatory for such employees. PERS is a cost-sharing multi-employer defined benefit pension plan. For additional information about PERS, please refer to the State Division of Pension and Benefits (Division's) Comprehensive Annual Financial Report (CAFR) which can be found at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death, and disability benefits. All benefits vest after ten years of service, except for medical benefits, which, if applicable, vest after 25 years of service or under the disability provisions of PERS.

The following represents the membership tiers for PERS:

<b>Tier</b>	<b>Definition</b>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55<sup>th</sup> of final average salary for each year of service credit is available to tier 1 and 2 members upon reaching age 60 and to tier 3 members upon reaching age 62. Service retirement benefits of 1/60<sup>th</sup> of final average salary for each year of service credit is available to tier 4 members upon reaching age 62 and tier 5 members upon reaching age 65. Early retirement benefits are available to tier 1 and 2 members before reaching age 60, tier 3 and 4 members with 25 or more years of service credit before age 62, and tier 5 members with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have a least 25 years of service. Deferred retirement is available to members who have at least ten years of service credit and have not reached the service retirement age for the respective tier.

**NOTE 12 EMPLOYEE RETIREMENT SYSTEMS (Continued)**

The State of New Jersey sponsors and administers the following defined contribution public employee retirement program covering certain state and local government employees which include those City employees who are eligible for pension coverage.

**Defined Contribution Retirement Program (DCRP)** – established under the provisions of Chapter 92, P.L. 2007 and Chapter 103, P.L. 2008 to provide coverage to elected and certain appointed officials, effective July 1, 2007 and employees enrolled in PERS on or after July 1, 2007 who earn in excess of established annual maximum compensation limits (equivalent to annual maximum wage for social security deductions). This provision was extended by Chapter 1, P.L. 2010, effective May 21, 2010, to new employees (Tier 2) of the PFRS and new employees who would otherwise be eligible to participate in PERS and do not earn the minimum salary required or do not work the minimum required hours but earn a base salary of at least \$5,000 are eligible for participation in the DCRP. Membership is mandatory for such individuals with vesting occurring after one (1) year of membership. DCRP is a defined contribution pension plan.

**Other Pension Funds**

The state established and administers a Supplemental Annuity Collective Trust Fund (SACT) which is available to active members of the State-administered retirement systems to purchase annuities to supplement the guaranteed benefits provided by their retirement system. The state or local governmental employers do not appropriate funds to SACT.

The cost of living increase for PFRS and PERS are funded directly by each of the respective systems, but are currently suspended as a result of reform legislation.

According to state law, all obligations of each retirement system will be assumed by the State of New Jersey should any retirement system be terminated.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of each of the above systems, funds, and trust. The financial reports may be accessed via the New Jersey, Division of Pensions and Benefits website at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

**Measurement Focus and Basis of Accounting**

The financial statements of the retirement systems are prepared in accordance with U.S. generally accepted accounting principles as applicable to governmental organizations. In doing so, the Division adheres to reporting requirements established by the Governmental Accounting Standards Board (GASB).

The accrual basis of accounting is used for measuring financial position and changes in net position of the pension trust funds. Under this method, contributions are recorded in the accounting period in which they are legally due from the employer or plan member, and deductions are recorded at the time the liabilities are due and payable in accordance with the terms of each plan. The accounts of the Division are organized and operated on the basis of funds. All funds are accounted for using an economic resources measurement focus.

**Investment Valuation**

The Division of Investment, Department of the Treasury, State of New Jersey (Division of Investment) manages and invests certain assets of the retirement systems. Prudential retirement is the third-party administrator for the DCRP and provides record keeping, administrative services and investment options. Investment transactions are accounted for on a trade or investment date basis. Interest and dividend income is recorded on the accrual basis, with dividends accruing on the ex-dividend date. The net increase or decrease in the fair value of investments includes the net realized and unrealized gains or losses on investments.

The State of New Jersey, Department of the Treasury, Division of Investment, issues publicly available financial reports that include the financial statements of the State of New Jersey Cash Management Fund. The financial report may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Investment, P.O. Box 290, Trenton, New Jersey 08625-0290, or at [www.state.nj/treasury/doinvest](http://www.state.nj/treasury/doinvest).

**Collective Net Pension Liability**

The collective net pension liability of the participating employers for local PERS at June 30, 2021 was not available and for June 30, 2020 is \$16.4 billion and the plan fiduciary net position as a percentage of the total pension liability is 58.32% at June 30, 2020. The collective net pension liability of the participating employers for local PFRS at June 30, 2021 was not available and for June 30, 2020 is \$14.9 billion and the plan fiduciary net position as a percentage of total pension liability is 63.52% at June 30, 2020.

The total pension liabilities were determined based on actuarial valuations as of July 1, 2019 which were rolled forward to June 30, 2020.

**Actuarial Methods and Assumptions**

In the July 1, 2019 PERS and PFRS actuarial valuations, the actuarial assumptions and methods used in these valuations were described in the Actuarial Assumptions and Methods section of the Actuary's report and are included here in this note to the financial statements. The pension systems selected economic and demographic assumptions and prescribed them for use for purposes of compliance with GASB Statement No. 68. The Actuary provided guidance with respect to these assumptions, and it is their belief that the assumptions represent reasonable expectations of anticipated plan experience.

**Employer and Employee Pension Contributions**

The contribution policy is set by laws of the State of New Jersey and contributions are required by active members and participating employers. Plan members and employer contributions may be amended by State of New Jersey legislation, with the amount of contributions by the State of New Jersey contingent upon the annual Appropriations Act. As defined, the various retirement systems require employee contributions for 2021 and 2020 based on 10.0% for PFRS, 7.50% for PERS and 5.50% for DCRP of employee's annual compensation.

For PFRS and PERS, which are cost sharing multi-employer defined benefit pension plans, employers' contributions are based on an actuarially determined amount, which includes the normal cost and unfunded accrued liability. In the DCRP, which is a defined contribution plan, member contributions are matched by a 3% employer contribution. All contributions made by the City for 2021, 2020 and 2019 were equal to the required contributions.

**Employer and Employee Pension Contributions (Contributions)**

During the years ended December 31, 2021, 2020 and 2019, the City, was required to contribute for normal cost pension contributions, accrued liability pension contributions and non-contributory life insurance premiums the following amounts which equaled the required contributions for each respective year:

<u>Year Ended</u> <u>December 31</u>	<u>PFRS</u>	<u>PERS</u>	<u>DCRP</u>
2021	\$ 4,813,733	\$ 1,337,240	\$ 10,558
2020	4,891,490	1,172,805	1,620
2019	4,965,444	1,277,761	2,730

In addition for the years ended December 31, 2020 and 2019 the City contributed for long-term disability insurance premiums (LTDI) \$3,744 and \$5,324, respectively for PERS. Due to favorable claims experience, no LTDI premium contribution was required for the year ended December 31, 2021.

**Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

The regulatory basis of accounting requires participating employers in PERS and PFRS to disclose in accordance with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*, (GASB No.68) their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources and collective pension expense excluding that attributable to employer-paid member contributions.

Under GASB Statement No. 68 local governmental employers are required to provide certain financial information based on a measurement date no earlier than the end of the employer's prior fiscal year. The GASB No. 68 financial information from the State's Division of Pensions and Benefits to be reported for the year ended December 31, 2021 for the measurement date of June 30, 2021 was not available as of the date of audit. Accordingly, the State's Division of Local Government Services issued Local Finance Notice 2022-12 which authorized and permits New Jersey municipalities to present the most recent available audited GASB No. 68 financial information to be incorporated into the audit and remain in compliance with the regulatory basis of accounting disclosure requirements for notes to the financial statements. As such the GASB No. 68 financial information for the year ended December 31, 2021 is not presented in the notes to the financial statements.

The employer allocation percentages presented are based on the ratio of the contributions made as an individual employer toward the actuarially determined contribution amount to total contributions to the plan during the fiscal years ended June 30, 2020 and 2019. Employer allocation percentages have been rounded for presentation purposes.

**Public Employees Retirement System (PERS)**

At December 31, 2020, the City reported a liability of \$19,934,073 for its proportionate share of the PERS net pension liability. The net pension liability was measured as of June 30, 2020 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019. The City's proportionate share of the net pension liability was based on the ratio of the City's contributions to the pension plan relative to the total contributions of all participating governmental entities during the measurement period. As of the measurement date of June 30, 2020, the City's proportionate share was .12224 percent, which was an increase of .00167 percent from its proportionate share measured as of June 30, 2019 of .12057 percent.

*Actuarial Assumptions*

The City's total pension liability reported for the year ended December 31, 2020 was based on the June 30, 2020 measurement date as determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement date:

Inflation Rate:	
Price	2.75%
Wage	3.25%
Salary Increases:	
Through 2026	2.00-6.00% Based on Years of Service
Thereafter	3.00%-7.00% Based on Years of Service
Investment Rate of Return	7.00%
Mortality Rate Table	Pub-2010

Assumptions for mortality improvements are based on Society of Actuaries Scale MP for 2020.

The actuarial assumptions used in the July 1, 2019 valuations were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018.

***Long-Term Expected Rate of Return***

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rate of return (expected returns, net of pension plans investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plans' target asset allocation as of June 30, 2020, as reported for the year ended December 31, 2020 are summarized in the following table:

<u>Asset Class</u>	<u>2020</u>	
	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Risk Mitigation Strategies	3.00%	3.40%
Cash Equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	1.94%
Investment Grade Credit	8.00%	2.67%
US Equity	27.00%	7.71%
Non-US Developed Markets Equity	13.50%	8.57%
Emerging Markets Equity	5.50%	10.23%
High Yield	2.00%	5.95%
Real Assets	3.00%	9.73%
Private Credit	8.00%	7.59%
Real Estate	8.00%	9.56%
Private Equity	13.00%	11.42%

***Discount Rate***

The discount rate used to measure the total pension liabilities of the PERS plan was 7.00% at December 31, 2020 (measurement date June 30, 2020).

**Police and Firemen's Retirement System (PFRS)**

At December 31, 2020 the City reported a liability of \$55,676,157 for its proportionate share of the PFRS net pension liability. The net pension liability was measured as of June 30, 2020 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2019. The City's proportionate share of the net pension liability was based on the ratio of the City's contributions to the pension plan relative to the total contributions of all participating governmental entities during the measurement period. As of the measurement date of June 30, 2020, the City's proportionate share was .43089 percent, which was a decrease of .05336 percent from its proportionate share measured as of June 30, 2019 of .48425 percent.

***Special Funding Situation – PFRS***

Under N.J.S.A. 43:16A-15, the City is responsible for their own PFRS contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State to make contributions if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on behalf of the City by the State under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Accordingly, the City's proportionate share percentage of the net pension liability, deferred outflows and inflows determined under GASB Statement No. 68 is zero percent and the State's proportionate share is 100% for PFRS under this legislation.

At December 31, 2020, the State's proportionate share of the net pension liability attributable to the City for the PFRS special funding situation is \$8,640,686. For the year ended December 31, 2020, the pension system has determined the State's proportionate share of the pension expense attributable to the City for the PFRS special funding situation is \$979,249, which is more than the actual contribution the State made on behalf of the City of \$664,896. At December 31, 2020 (measurement date June 30, 2020) the State's share of the PFRS net pension liability attributable to the City was .43089 percent, which was a decrease of .05336 percent from its proportionate share measured as of December 31, 2019 (measurement date June 30, 2019) of .48425 percent. The State's proportionate share attributable to the City was developed based on actual contributions made to PFRS allocated to employers based upon covered payroll. These on-behalf contributions have not been reported on the City's financial statements.

***Pension Plan Fiduciary Net Position***

Detailed information about the PFRS pension plan's fiduciary net position is available in the separately issued financial report from the State of New Jersey, Department of the Treasury, Division of Pension and Benefits. **YEARS ENDED DECEMBER 31, 2021 AND 2020**

**NOTE 13 POST-RETIREMENT MEDICAL BENEFITS**

The State of New Jersey sponsors and administers the post-retirement health benefit program plan for participating municipalities including the City.

**Plan Description and Benefits Provided**

The State of New Jersey sponsors and administers the following post-retirement health benefit program covering substantially all eligible local government employees from local participating employers.

**State Health Benefit Program Fund – Local Government Retired (the Plan)** (including Prescription Drug Program Fund) – The Plan is a cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. For additional information about the Plan, please refer to the State of New Jersey (the State), Division of Pensions and Benefits' (the Division) Comprehensive Annual Financial Report (CAFR), which can be found at <https://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

The Plan provides medical and prescription drug to retirees and their covered dependents of the employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retires with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retires and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A. 52:14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level coverage.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the above Fund. The financial reports may be assessed via, the New Jersey, Division of Pensions and Benefits website at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

NOTES TO FINANCIAL STATEMENTS  
YEARS ENDED DECEMBER 31, 2021 AND 2020**

**NOTE 13 POST-RETIREMENT MEDICAL BENEFITS (Continued)**

**Measurement Focus and Basis of Accounting**

The financial statements of the OPEB plan are prepared in accordance with U.S. generally accepted accounting principles as applicable to government organizations. In doing so, the Division adheres to reporting requirements established by the Governmental Accounting Standards Board (GASB).

The accrual basis of accounting is used for measuring financial position and changes in net position of the other postemployment benefit plan. Under this method, contributions are recorded in the accounting period in which they are legally due from the employer or plan member, and deductions are recorded at the time the liabilities are due and payable in accordance with the terms of each plan. The accounts of the Division are organized and operated on the basis of funds. All funds are accounted for using an economic resources measurement focus.

**Investment Valuation**

Investments are reported at fair value. Investments that do not have an established market are reported at estimated fair values.

**Collective Net OPEB Liability**

The collective net OPEB liability of the participating employers and the State, as the non-employer contributing entity, of the Plan at June 30, 2021 was not available and for 2020 is \$17.9 billion, and the plan fiduciary net position as a percentage of the total OPEB liability is 0.91% at June 30, 2020.

The total OPEB liabilities were determined based on actuarial valuations as of July 1, 2019 which was rolled forward to June 30, 2020.

**- Actuarial Methods and Assumptions**

In the July 1, 2019 OPEB actuarial valuation, the actuarial assumptions and methods used in this valuation were described in the Actuarial Assumptions and Methods section of the Actuary's report and are included here in this note to the financial statements. The Plan selected economic and demographic assumptions and prescribed them for use for purposes of compliance with GASB Statement No. 75. The Actuary provided guidance with respect to these assumptions, and it is their belief that the assumptions represent reasonable expectations of anticipated plan experience.

**Post-Retirement Medical Benefits Contribution**

The funding policy for the OPEB plan is pay-as-you-go; therefore, there is no prefunding of the liability. However, due to premium rates being set prior to each calendar year, there is a minimal amount of net position available to cover benefits in future years. Contributions to pay for the health benefit premiums of participating employees in the OPEB plan are collected from the State of New Jersey, participating local employers, and retired members. The State of New Jersey makes contributions to cover those employees eligible under Chapter 330, P.L. 1967, as disclosed previously. Local employers remit employer contributions on a monthly basis. Retired member contributions are generally received on a monthly basis.

The employers participating in the OPEB plan made contributions of \$292.4 million and the State of New Jersey, as the non-employer contributing entity, contributed \$35.0 million for fiscal year 2020.

The State sets the employer contribution rate based on a pay-as-you-go basis rather than the actuarial determined contribution an amount actuarially determined in accordance with the parameters of GASB Statement No. 75. The actuarial determined contribution represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and any unfunded actuarial liabilities (or funding excess) of the plan using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with OPEB through the Plan. The City's contributions to the State Health Benefits Program Fund-Local Government Retired Plan for post-retirement benefits for the years ended December 31, 2021, 2020 and 2019 were \$1,486,837, \$1,198,847 and \$1,062,065, respectively, which equaled the required contributions for each year.

**OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

The regulatory basis of accounting requires participating employers in the State Health Benefit Program Fund – Local Government Retired Plan to disclose in accordance with GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits other than Pension (GASB No. 75)* their proportionate share of the collective net OPEB liability, collective deferred outflows of resources, collective deferred inflows of resources and collective OPEB expense excluding that attributable to retiree-paid member contributions.

Under GASB Statement No. 75 local governmental employers are required to provide certain financial information based on a measurement date no earlier than the end of the employer's prior fiscal year. The GASB No. 75 financial information from the State's Division of Pensions and Benefits to be reported for the year ended December 31, 2021 for the measurement date of June 30, 2021 was not available as of the date of audit. Accordingly, the State's Division of Local Government Services issued Local Finance Notice 2022-12 which authorizes and permits New Jersey municipalities to present the most recent available audited GASB No. 75 financial information to be incorporated into the audit and remain in compliance with the regulatory basis of accounting disclosure requirements for notes to the financial statements. As such the GASB No. 75 financial information for the year ended December 31, 2021 is not presented in the notes to the financial statements.

The employer allocation percentages presented are based on the ratio of the contributions made as an individual employer toward the actuarially determined contribution amount to total contributions to the plan during the fiscal years ended June 30, 2020 and 2019. Employer allocation percentages have been rounded for presentation purposes.

At December 31, 2020, the City reported a liability of \$38,407,905, for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2020, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of July 1, 2019. The City's proportionate share of the net OPEB liability was based on the ratio of the City's proportionate share of the OPEB liability attributable to the City at June 30, 2020 to the total OPEB liability for the State Health Benefit Program Fund – Local Government Retired Plan at June 30, 2020. As of the measurement date of June 30, 2020 the City's proportionate share was .21401 percent, which was an increase of .0146 percent from its proportionate share measured as of June 30, 2019 of .19941 percent.

For the year ended December 31, 2020, the Plan has determined the City's OPEB expense to be \$380,051, based on the actuarial valuation which is less than the actual contributions reported in the City's financial statements of \$1,198,847. At December 31, 2020, the City's deferred outflows of resources and deferred inflows of resources related to the OPEB plan which are not reported on the City's financial statements are from the following sources:

	2020	
	<b><u>Deferred Outflows of Resources</u></b>	<b><u>Deferred Inflows of Resources</u></b>

*Actuarial Assumptions*

The City's total OPEB liability reported for the year ended December 31, 2020 was based on the June 30, 2020 measurement date as determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement date:

Inflation Rate	2.50%
Salary Increases*	
PERS:	
Initial Fiscal Year Applied Through	2026
Rate	2.00% to 6.00%
Rate Thereafter	3.00% to 7.00%
PFRS:	
Initial Fiscal Year Applied Through	Rate for All Future Years
Rate	3.25% to 15.25%
Rate Thereafter	Not Applicable
Mortality	
PERS	Pub-2010 General Classification Headcount-Weighted Mortality Table with fully generational mortality improvement projections from the central year using Scale MP-2020.
PFRS	Pub-2010 Safety Classification Headcount-Weighted Mortality Table with fully generational mortality improvement projections from the central year using Scale MP-2020.

\*Salary increases are based on the defined benefit pension plan that the member is enrolled in and the members years of service.

For the June 30, 2020 measurement date healthcare cost trend rates for pre-Medicare medical benefits, the trend is initially 5.6% and decreases to a 4.5% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medicare Advantage trend rates for fiscal year 2021 through 2022 are reflected. The rates used for 2023 and 2024 are 21.83% and 18.53%, respectively, trending to 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.0% and decreases to a 4.5% long-term trend rate after seven years.

**OPEB Liabilities, OPEB Expenses and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB (Continued)**

The actuarial assumptions used in the July 1, 2019 valuation were based on the results of the PFRS and PERS experience studies prepared for July 1, 2013 to June 30, 2018 and July 1, 2014 to June 30, 2018, respectively.

100% of active members are considered to participate in the plan upon retirement.

**Discount Rate**

The discount rate used to measure the total OPEB liabilities of the plan was 2.21% as of December 31, 2020 (measurement date of June 30, 2020).

The discount rate represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

***Sensitivity of Net OPEB Liability to Changes in the Discounts Rate***

The following presents the City's proportionate share of the net OPEB liability as of December 31, 2020 calculated using the discount rate of 2.21%, as well as what the City's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower 1.21% or 1-percentage-point higher 3.21% than the current rate:

	<b>1% Decrease (1.21%)</b>	<b>Current Discount Rate (2.21%)</b>	<b>1% Increase (3.21%)</b>
<b><u>2020</u></b>			
City's Proportionate Share of the Net OPEB Liability	<u>\$ 45,406,259</u>	<u>\$ 38,407,905</u>	<u>\$ 32,868,072</u>

The sensitivity analysis was based on the proportionate share of the City's net OPEB liability at December 31, 2020. A sensitivity analysis specific to the City's net OPEB liability was not provided by the Plan.

***Sensitivity of Net OPEB Liability to Changes in the Healthcare Trend Rate***

The following presents the City's proportionate share of the net OPEB liability as of December 31, 2020 calculated using the healthcare trend rates as disclosed above as well as what the City's proportionate share of the net OPEB liability would be if it were calculated using healthcare trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current rate:

	<b>1% Decrease</b>	<b>Healthcare Cost Trend Rates</b>	<b>1% Increase</b>
<b><u>2020</u></b>

***Special Funding Situation***

Under N.J.S.A. 43:3C-24 the City is responsible for their own OPEB contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State to make contributions if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 330, P.L. 1997 and Chapter 271, P.L., 1989. Under Chapter 330, P.L. 1997, the State pays the premiums or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80 percent of the premium or periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989. The amounts contributed on behalf of the City by the State under this legislation is considered to be a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. Accordingly, the City's proportionate share percentage of the net pension liability, deferred outflows and inflows determined under GASB Statement No. 75 is zero percent and the State's proportionate share is 100% of OPEB under this legislation.

At December 31, 2020, the State's proportionate share of the net OPEB liability attributable to the City for the OPEB special funding situation is \$38,447,950. For the year ended December 31, 2020 the plan has determined the State's proportionate share of the OPEB expense attributable to the City for the OPEB special funding situation is \$1,913,948. At December 31, 2020, (measurement date June 30, 2020), the State's share of the OPEB liability attributable to the City was .70388 percent, which was an increase of .1437 percent from its proportionate share measured as of December 31, 2019 (measurement date June 30, 2019) of .56018 percent. The State's proportionate share attributable to the City was developed based on eligible plan members subject to the special funding situation. This data takes into account active members from both participating and non-participating employer locations and retired members currently receiving OPEB benefits.

***OPEB Plan Fiduciary Net Position***

Detailed information about the OPEB plan's fiduciary net position is available in the separately issued financial report from the State of New Jersey, Department of the Treasury, Division of Pension and Benefits. The financial reports may be accessed via the New Jersey, Division of Pensions and Benefits, website at [www.state.nj.us/treasury/pensions](http://www.state.nj.us/treasury/pensions).

**NOTE 14 RISK MANAGEMENT**

The City is exposed to various risks of loss related to general liability, automobile coverage, theft of, damage to and destruction of assets; errors and omissions; injuries to employees; termination of employees and natural disasters. The City has obtained commercial insurance coverage to guard against these events to minimize the exposure to the City should they occur.

**YEARS ENDED DECEMBER 31, 2021 AND 2020**

**NOTE 14 RISK MANAGEMENT (Continued)**

The City of Englewood is a member of the Garden State Municipal Joint Insurance Fund (the “GSMJIF” or Fund). The Fund is both an insured and self-administered group of municipalities established for the purpose of insurance against property damage, general liability, motor vehicles and equipment liability and workers’ compensation. The Fund is a risk-sharing public entity pool. The GSMJIF coverage amounts are on file with the City.

The relationship between the City and GSMJIF is governed by a contract and by-laws that have been adopted by resolution of each unit’s governing body. The City is contractually obligated to make all annual and supplementary contributions to the insurance fund, to report claims on a timely basis, to cooperate with the management of the fund, its claims administrator and attorneys in claims investigation and settlement, and to follow risk management procedures as outlined by the fund. Members have a contractual obligation to fund any deficit of the fund attributable to a membership year during which the municipality was a member.

The fund provides its members with risk management services, including the defense of and settlement of claims, and established reasonable and necessary loss reduction and prevention procedures to be followed by the members. Complete financial statements of the fund can be obtained by contacting the Fund’s Treasurer.

There has been no significant reduction in insurance coverage from the previous year nor have there been any settlements in excess of insurance coverage in any of the prior three years.

The City has elected to fund its New Jersey Unemployment Compensation Insurance under the “Benefit Reimbursement Method”. Under this plan the City is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The City is billed quarterly for amounts due to the State. The following is a summary of City contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the City’s unemployment compensation trust fund for the current and previous two years:

<u>Year Ended</u> <u>December 31</u>	<u>Employee</u> <u>Contributions</u>	<u>Amount</u> <u>Reimbursed</u>	<u>Ending</u> <u>Balance</u>
2021	\$ 33,137	\$ 45,019	\$ 264,428
2020	1,487	20,825	275,891
2019	10,630	26,189	294,491

**NOTE 15 CONTINGENT LIABILITIES**

The City is a party defendant in some lawsuits, none of a kind unusual for a municipality of its size and scope of operation. In the opinion of the City’s Attorney, the potential claims against the City not covered by insurance policies would not materially affect the financial condition of the City.

**Pending Tax Appeals** - Various tax appeal cases were pending in the New Jersey Tax Court at December 31, 2020 and 2019. Amounts claimed have not yet been determined. The City is vigorously defending its assessments in each case. Under the accounting principles prescribed by the Division of Local Government Services, Department of community Affairs, State of New Jersey, the City does not recognize a liability, if any, until these cases have been adjudicated. The City expects such amounts, if any, could be material. As of December 31, 2021 and 2020, the City reserved \$1,121,207 and \$739,206, respectively in the Current Fund for tax appeals pending in the New Jersey Tax Court. Funding of any ultimate liability would be provided for in succeeding years’ budget or from fund balance.

**NOTE 15 CONTINGENT LIABILITIES (Continued)**

**Federal and State Awards** - The City participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the City may be required to reimburse the grantor government. As of December 31, 2021 and 2020, significant amounts of grant expenditure have not been audited by the various grantor agencies but the City believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on the overall financial position of the City.

**NOTE 16 FEDERAL ARBITRAGE REGULATIONS**

The City is subject to Section 148 of the Internal Revenue Code as it pertains to the arbitrage rebate on all tax-exempt obligations, both long and short-term debt. Under the 1986 Tax Reform Act, the Internal Revenue Service (IRS) required that all excess earnings from investment proceeds be rebated to the IRS. Arbitrage, for purposes of these regulations, is defined as the difference between the yield on the investment and the yield on the obligations issued. If there are excess earnings, this amount may be required to be rebated to the IRS. At December 31, 2021 and 2020 the City has not estimated its estimated arbitrage earnings due to the IRS, if any.

**NOTE 17 TAX ABATEMENTS**

For the years ended December 31, 2021 and 2020, the City provided property tax abatements through a program authorized under State statutes. The program is the Long Term Tax Exemption Law (the "LTTE Law").

The Long Term Tax Exemption Law (NJSA 40A:20 et.seq.) is focused on broad areas of redevelopment. It allows for a longer abatement term to carry out a larger development plan through declaring an area as being "in need of redevelopment". These long-term property abatements may last up to 30 years from completion of a project or 35 years from execution of the financial agreement. The process is initiated when the municipality passes a resolution calling for the municipal planning board to study the need for designating an area "in need of redevelopment". Upon adopting the planning board's recommendations and formalizing the redevelopment area designation, a municipality adopts a redevelopment plan, engages redevelopment entities to carry out the plan, and may authorize long-term tax abatements in the process. Developers submit abatement applications to the governing body for review. The financial agreement is approved through adoption of a local ordinance. The agreement exempts a project from taxation, but requires a payment in lieu of taxes (PILOTs) in an amount based generally on a percentage of project costs or revenue generated by the project, depending on the type of project. For the years ended December 31, 2021 and 2020 the City abated property taxes totaling \$2,375,428 and \$2,314,583, respectively under the LTTE program. The City received \$858,205 and \$985,787 in PILOT payments under this program for the years ended December 31, 2021 and 2020, respectively.

**NOTE 18 SUBSEQUENT EVENTS**

**Serial Bonds**

On February 10, 2022 the City issued \$2,380,000 of General Improvement Refunding Bonds for the purpose of refunding the callable 2010 General Improvement Bonds maturing after August 15, 2022 in the amount of \$2,390,000 and pay the costs associated with the issuance of debt. The City awarded the sale of said bonds at interest rate of 3%. These bonds, dated February 10, 2022 will mature over 9 years with the first maturity due August 1, 2022.

**Bond Anticipation Notes**

On March 22, 2022, the City issued Bond Anticipation Notes in the amount of \$11,708,000 to temporarily finance expenditures related to various capital projects. The City has awarded the sale of said notes to Piper Sandler and Company, at an interest rate of 3.00%. These notes will mature on March 21, 2023.

**Debt Authorized/Canceled**

On June 14, 2022, the City adopted a bond ordinance authorizing the issuance of \$11,115,425 in bonds or bond anticipation notes to fund various capital improvements. As of the date of this report, the City has not issued nor awarded the sale of said bonds or notes.

On July 5, 2022, the City amended a bond ordinance previously adopted by the City on August 20, 2019. The amendment decreased the authorized issuance of debt from \$9,642,854 to \$4,642,854.

**NOTE 19 INFECTIOUS DISEASE OUTBREAK – COVID-19 PANDEMIC**

The World Health Organization declared a pandemic following the global outbreak of COVID-19, a respiratory disease caused by a new strain of coronavirus. On March 13, 2020, the President of the United States declared a national emergency to unlock federal funds and assistance to help states and local governments fight the pandemic. Governor Phil Murphy, of the State of New Jersey, also declared a public health emergency on March 9, 2020 and instituted mandatory measures via various executive orders to contain the spread of the virus, including closing schools and nonessential businesses and limiting social gatherings. These measures, which altered the behaviors of businesses and people, had negative impacts on regional, state and local economies. The Governor, pursuant to various executive orders, then implemented a multi-stage approach to restarting New Jersey's economy. The declaration of the state of emergency and of a public health emergency was terminated by the Governor, by executive order, on June 4, 2021. Also, on June 4, 2021, the Governor signed into law Assembly Bill No. 5820 which terminates most of the Governor's pandemic-related executive orders in early July. The remaining executive orders (dealing with coronavirus testing and vaccinations, moratoriums on evictions and utility shutoffs and various other matters) will terminate on January 1, 2022. On January 11, 2022, the Governor reinstated, via Executive Order No. 280, the state of emergency and declared a new public health emergency in response to a surge in cases tied to new variants of COVID-19, in particular the Omicron variant. Such public health emergency was set to expire 30 days from January 11, 2022, but was later extended, via Executive Order No. 288, for an additional 30 days on February 10, 2022. In the event of substantial increases in COVID-19 hospitalizations, spot positivity or rates of transmission, the Governor is empowered to impose more restrictive measures than currently in place.

In order to provide additional means for local governmental units to address the financial impact of the COVID-19 outbreak, the Governor signed into law P.L. 2020 c. 74 ("Chapter 74") on August 31, 2020. Chapter 74, which took effect immediately, adds two new purposes to the list of special emergency appropriations which may be raised by municipalities or counties over a five year period (either through the issuance of special emergency notes or raised internally without borrowing): (1) direct COVID-19 response expenses; and (2) deficits in prior year's operations attributable to COVID-19 (the beginning of the five year repayment schedule is delayed by one year for these new purposes). Upon approval by the Director of the Division of Local Government Services, New Jersey Department of Community Affairs, in cases of significant fiscal distress, the five year period may be extended to up to ten years. In addition, the statute permits school districts and public authorities to issue debt with a maximum five year maturity schedule for direct COVID-19 expenses. Chapter 74 provides for State supervision of all local government unit borrowings. The statute also grants the Director the authority to modify municipal budgeting rules concerning anticipated revenues in order to lessen the impact of revenue reductions due to COVID-19.

**CITY OF ENGLEWOOD**  
**NOTES TO FINANCIAL STATEMENTS**  
**YEARS ENDED DECEMBER 31, 2021 AND 2020**

**NOTE 19 INFECTIOUS DISEASE OUTBREAK – COVID-19 PANDEMIC (Continued)**

The City of Englewood's finances and operations may be materially and adversely affected as a result of the continued spread of COVID-19 through reduced or delayed revenue streams, which include the collection of property taxes, which are the City of Englewood's primary revenue source for supporting its budget. The City of Englewood cannot predict costs associated with a potential infectious disease outbreak like COVID-19 such as operational costs to clean, sanitize and maintain its facilities, or costs to operate remotely and support City functions and critical government actions during an outbreak or any resulting impact such costs could have on the operations of the City. However, as of the date of audit, even though the City finances and operations had certain reduced revenue streams due to the COVID-19 outbreak, the overall finances and operations of the City have not been materially and adversely affected due to the COVID-19 outbreak.

The degree of any such impact on the operations and finances of the City cannot be predicted due to the dynamic nature of the COVID-19 outbreak, including uncertainties relating to its (i) duration, and (ii) severity, as well as with regard to what actions may be taken by governmental and other health care authorities to contain or mitigate its impact. The continued spread of the outbreak could have a material adverse effect on the City and its economy. The City is monitoring the situation and will take such proactive measures as may be required to maintain its functionality and meet its obligations.

The American Rescue Plan Act of 2021, H.R. 1319 (the "Plan"), signed into law by President Biden on March 11, 2021, comprises \$1.9 trillion in relief designed to provide funding to address the COVID-19 pandemic and alleviate the economic and health effects of the COVID-19 pandemic.

The Plan includes various forms of financial relief including up to a \$1,400 increase in direct stimulus payment to individuals and various other forms of economic relief, including extended unemployment benefits, continued eviction and foreclosure moratoriums, an increase in the child tax credit, an increase in food and housing aid, assistance grants to restaurants and bars, and other small business grants and loans. The Plan provides funding for state and local governments to offset costs to safely reopen schools during the COVID-19 pandemic and to subsidize COVID-19 testing and vaccination programs. In addition, the Plan includes \$350 billion in relief funds to public entities, such as the City.

The City will receive \$2,972,796 from the Plan in two equal payments. On May 24, 2021, the City received its first installment of funds under the Plan in the amount of \$1,486,398. The City has not yet determined how it will spend the funds. The deadline to obligate the funds is December 31, 2024 and to spend them is December 31, 2026.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON  
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL  
STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

**INDEPENDENT AUDITOR'S REPORT**

Honorable Mayor and Members  
of the City Council  
2-10 North Van Brunt Street  
Englewood, NJ 07631

We have audited, in accordance with the auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States and audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements – regulatory basis of the City of Englewood as of and for the year ended December 31, 2021, and the related notes to the financial statements, and have issued our report thereon dated September 9, 2022. Our report on the financial statements – regulatory basis was modified to indicate that the financial statements were not prepared in accordance with accounting principles generally accepted in the United States of America but rather prepared in accordance with the regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States, to meet the financial reporting requirements of the State of New Jersey for municipal government entities as described in Note 1.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of Englewood's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements but not for the purpose of expressing an opinion on the effectiveness of the City of Englewood's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Englewood's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the City's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

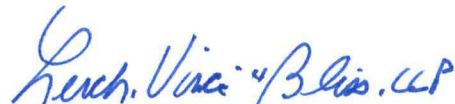

### **Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Englewood's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

However, we noted certain matters that are not required to be reported under Government Auditing Standards that we reported to management of the City of Englewood in Part III of this report of audit entitled, "Letter of Comments and Recommendations".

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Englewood's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the City of Englewood's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**CITY OF ENGLEWOOD**  
**NOTES TO THE SCHEDULES OF EXPENDITURES OF FEDERAL AWARDS**  
**AND STATE FINANCIAL ASSISTANCE**  
**YEAR ENDED DECEMBER 31, 2021**

**NOTE 1 GENERAL**

The accompanying schedules present the activity of all federal awards and state financial assistance programs of the City of Englewood. The City is defined in Note 1(A) to the City's financial statements. All federal financial assistance received directly from federal agencies, as well as federal awards and state financial assistance passed through other government agencies is included on the schedules of expenditures of federal awards and state financial assistance.

**NOTE 2 BASIS OF ACCOUNTING**

The accompanying schedules are prepared and presented using the regulatory basis of accounting as prescribed for municipalities by the Division of Local Government Services, Department of Community Affairs, State of New Jersey which differ in certain respects from accounting principles generally accepted in the United States of America (GAAP) applicable to local government units. This basis of accounting is described in Note 1 to the City's financial statements.

**NOTE 3 RELATIONSHIP TO FINANCIAL STATEMENTS**

Amounts reported in the accompanying schedules agree with amounts reported in the City's financial statements. Financial assistance revenues are reported in the City's financial statements on a basis of accounting described above as follows:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
Current Fund	\$ 84,574		\$ 84,574
Grant Fund	<u>-</u>	<u>\$ 174,001</u>	<u>174,001</u>
Total Financial Awards	<u>\$ 84,574</u>	<u>\$ 174,001</u>	<u>\$ 258,575</u>

**NOTE 4 RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS**

Amounts reported in the accompanying schedules may not necessarily agree with the amounts reported in the related federal and state financial reports due to timing differences between the City's fiscal year and grant program year.

**NOTE 5 DE MINIMIS INDIRECT COST RATE**

The City has/has not elected to use the 10 percent de minimis indirect cost rate allowed under the U.S. Uniform Guidance.

## **CITY OF ENGLEWOOD**

### **GENERAL COMMENTS**

#### **Current Year**

Our audit noted that prior year audit adjustments for fixed assets were not included in the City's 2021 appraisal report. It is recommended that the City's fixed asset annual appraisal report be adjusted and in agreement with the audited balances.

Our audit of payroll revealed differences with the Federal and Social Security taxes as reported in the City's payroll records and the quarterly tax returns. In addition, our review of the quarterly IRS 941 Reports and the City's year-end W-3 Form noted differences in gross wages, social security/Medicare wages and taxes. It is recommended that the City review and reconcile the payroll reports, respective tax filings and withholdings prior to submitting the information to the various state and federal agencies.

A valuation of the City's accumulated sick and vacation liability by individual employee was not provided for audit. It is recommended that a year-end valuation of the City's accumulated sick and vacation liability, by employee, be prepared and made available for audit.

Our audit noted that the Annual UCC report was not reconciled with amounts reported in the City's budgetary accounting system. In addition, the amount reported for indirect costs appears to be understated. It is recommended that the Annual UCC report be in agreement with the City's budget reports and that the reconciliation be made available for audit.

Our audit noted that transfer resolutions for the 2020 appropriation reserves were approved by the City Council but were not input into the budgetary accounting system. It is recommended that all budget transfers be entered into the budgetary accounting system in a timely manner.

#### **Prior Year**

Our comments with respect to the examination and any error, omission, irregularity, violation of law, discrepancy or other nonconformity to the law or regulation fraud during the examination are herewith set forth.

Our audit of payroll revealed that overtime sheets are not maintained in the payroll department. In addition, several overtime sheets we reviewed did not contain the signature of the employee's supervisor/director and/or of the employee. It is recommended that all overtime sheets be reviewed upon submission to ensure all required signatures are present.

With respect to purchasing:

- Political contribution disclosure forms (PCD) were not obtained for certain vendors paid in excess of \$17,500.
- Proof of advertisement of certain bid and contract awards was not provided for audit.
- Documentation supporting state contract or cooperative purchasing agreement was not always available for audit.

It is recommended that the City adhere to all purchasing requirements contained in the New Jersey Local Public Contracts Law and Division of Local Government Service Local Finance Notices.

Our audit of expenditures revealed that several purchase orders were dated subsequent to the invoice date or the date services were rendered. It is recommended that purchase orders be encumbered prior to the ordering of goods and/or services.

## **CITY OF ENGLEWOOD**

### **GENERAL COMMENTS**

#### **Prior Year (continued)**

Our audit of the Police Off Duty reserve revealed that there are several outstanding invoice balances that remain uncollected from prior years. It is recommended that the City review the Police Off Duty outstanding invoice balances and action be taken to collect or clear them of record.

Our audit noted that payments to certain vendors accumulated during the year, exceeded the quote and bid threshold, whereby the City did not have documentation to support that quotes or public bids were obtained. It is recommended that the City adhere to all purchasing requirements contained in the New Jersey Local Public Contracts Law and Division of Local Government Service Local Finance Notices.

#### **Contracts and Agreements Required to be Advertised for N.J.S. 40A:11-4**

N.J.S. 40A:11-4 states "Every contract or agreement, for the performance of work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work materials or supplies shall be undertaken, acquired or furnished for a sum exceeding in the aggregate of \$17,500 except by contract or agreement." If the municipality has a qualifying purchasing agent ("QPA"), the bid threshold can be increased to \$44,000. The City has approved the Chief Financial Officer as its QPA.

The governing body of the municipality has the responsibility of determining whether the expenditures in any category will exceed the bid threshold within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the City Attorney's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following items:

Overlook Place Improvements	Johnson Avenue Improvements
Cedar Street Improvements	West Demarest Avenue Reconstruction
Mackay Park Court Rehabilitation	Mackay Park Little League Field Restoration
2021 Road Improvement Program	Public Safety Building Roof Replacement
HVAC Services	Tree Removal Services
Grand Avenue Intersection Improvements	

The minutes indicate that resolutions were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5. Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishings or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear violations existed.

Our examination of expenditures did not reveal any individual payments, contracts or agreements in excess of the bid threshold "for the performance of any work, or the furnishing or hiring of any materials or supplies" other than those where bids had been previously sought by public advertisement or where a resolution had been previously adopted under the provisions of NJS 40A:11-6.

## **CITY OF ENGLEWOOD**

### **GENERAL COMMENTS**

#### **Collection of Interest on Delinquent Taxes and Assessments**

The statute provides the method for authorizing interest and the maximum rates to be charged for the non-payment of taxes or assessments on or before the date when they would become delinquent.

The Governing Body on January 4, 2021, adopted the following resolution authorizing interest to be charged on delinquent taxes:

BE IT RESOLVED BY THE CITY COUNCIL, of the City of Englewood that, pursuant to the provisions of NJSA 54:4-67, the rate of interest to be charged for the non-payment of taxes, sewer taxes, or assessments shall be 8% on the first \$1,500 and 18% on any amount in excess of \$1,500 to be calculated from the statutory due date until actual payment.

BE IT FURTHER RESOLVED BY THE CITY COUNCIL, that in addition to the interest provided above, on all delinquencies in excess of ten thousand (\$10,000) dollars and which are not paid prior to the end of the fiscal year, the Tax Collector shall also collect a penalty of six (6) percent of the amount of the delinquency in excess of ten thousand (\$10,000) dollars.

#### **Suggestions to Management**

- Prior year tax overpayment balances be reviewed and cleared of record.
- Grant receivable balances in the Current and General Capital Funds be reviewed and action taken to collect or clear them of record.
- Sewer user charges receivable be reviewed and action taken to collect or clear them of record.
- Appropriated grant reserve balances be reviewed and action taken to expend or clear of record.
- The City consider utilizing blanket purchase orders for monthly and/or quarterly recurring expenditures.
- The City develop a formal written policy regarding the use of store credit cards.
- Interfunds be eliminated prior to year-end.
