August 8, 2024

A weather advisory will develop during the overnight hours tonight until Friday night, August 9, 2024. Heavy rain and wind are expected. The hazardous conditions will impact the Friday morning and evening commute. Slow down and use caution while traveling. Do not drive through water if you are unsure of the depth. Once vehicles become disabled, it can be extremely dangerous for you and the responders tasked with assisting you.

We encourage everyone to stay off the roads to allow our emergency personnel help clear the roadways.

During the rainstorm, vehicles should not be parked on the following streets due to the possibility of flooding. These areas should be avoided for travel as well.:

**South Van Brunt Street to Route 4 West
South Dean Street from East Linden Avenue to East Forest Avenue
Broad Avenue from Van Nostrand Avenue to Route 80
West Forest Avenue from William Street to East Forest Avenue at Mary Street
First Street between William Street and Twisby Place
East Hamilton Avenue between King Street and Lydecker Street
Nordhoff Place to Cedar Lane
Cedar Lane to Brookside Avenue**

The City will offer parking in Liberty School Parking Lot, Parking Garage and Veteran's Lot.

Please **do not** place any garbage cans in the roadway. Friday's garbage pick-up is still scheduled. Please place cans on the curb not in the street.

For more information regarding rain amounts please visit www.weather.gov

Emergency Numbers

Police – Emergency 911 / Non-Emergency 201-568-2711

Fire – Emergency 911 / Non-Emergency 201-568-6304

OEM Emergency Number: 201-657-3674

Verizon - Sign in to your [My Verizon](#) account to check for outages that may be affecting your services. Should there be a service outage, we'll provide you with a ticket number and estimated time of repair completion. 1-800-837-4966

Comcast – Customer Service Number – 1-800-934-6489

PSE&G

Stay connected with PSE&G:

- ☐ Compile a list of emergency phone numbers; include PSE&G Customer Service 1-800-436-PSEG.
- ☐ Go to pseg.com/myaccount to sign up to report outages online and to check restoration progress.
- ☐ Go to pseg.com/outagecenter to check the "Outage Map," which is updated every 15 minutes with PSE&G outage information, and to register for MyAlerts to receive text notifications.
- ☐ You can report an outage by texting "OUT" to 4PSEG (47734) or via Alexa or Google Assistant.
- ☐ The new PSE&G mobile app enables customers using [Apple](#) or [Android](#) devices to securely and easily manage their accounts when and where the customers want to be served.
- ☐ "Like" [PSEG on Facebook](#) and follow PSEG on Twitter [@PSEGdelivers](#).

Stay away from downed wires:

- ☐ Downed wires should always be considered "live." Stay at least 30 feet away from downed power lines and immediately call PSE&G at [1-800-436-PSEG \(7734\)](https://pseg.com/life) or [911](#) to report downed wires or to report a tree issue.

Other important safety notes:

- ☐ To prevent carbon monoxide poisoning, do not run any gasoline-powered generators in a garage or any other enclosed space.
- ☐ If you are on life-sustaining medical equipment, ensure that you alert PSE&G in advance and notify your local police and fire departments. For more information, visit www.pseg.com/life.
- ☐ We recommend you use flashlights or battery powered lanterns over candles.
- ☐ Saturated grounds and high winds can cause trees to lean more and completely uproot.
- ☐ Turn Around Don't Drown <https://www.weather.gov/safety/flood-turn-around-dont-drown>
- ☐ Never drive or walk around barriers blocking a flooded road. The road may have collapsed under the water.
- ☐ A mere 6 inches of fast-moving flood water can knock over an adult. It takes just 12 inches of rushing water to carry away most cars and just 2 feet of rushing water can carry away SUVs and trucks
- ☐ It is NEVER safe to drive or walk into flood waters.

Shelter in Place

The Englewood Public Library located at 31 Engle Street, will be open for displaced residents. Please reach out to OEM for more information: 201-657-3674
